GLORIA FREDERICKS: Mr. President, Delegates to the Alaska Constitutional Convention and friends, I feel that we today are highly favored people, especially those of us fortunate enough to call Alaska our home. Certainly the privileges of living in this great northern fringe of American civilization are as great as those possessed by any of the other forty-eight states.

52nd Day, Friday, Jan. 13, 1956
Alaska is not only the geographical crossroads of the world but is herself at the crossroads of her destiny. She can become a equal state under the great flag of our forefathers or she can be longer subjected to the tyranny of American colonialism so eloquently spoken against by our former Governor, Mr. Gruening.

Everyone today is searching means of conserving resources, both human and physical. Today the youth of our land constitutes a far more serious problem of juvenile delinquency. They constitute the sole means of perpetrating the continuity of our way of life. I feel that today's youth are more alert, more self-conscience, and more capable than the youth of any other nation in the entire world. Were we to doubt our advancement over other generations, we wouldn't admit the failure of our great American principles. We, the youth of 1956, are indeed alert to the changes of our day. We realize the significance of this convention here at our great and growing University. Just as the University symbolizes our determination to enlighten our future generations, so does your work here provide basis for our hopes of the future. We feel highly honored to be able to attend this convention. Perhaps it might convey to our minds something of that great group of men who sat in Philadelphia almost two centuries ago to draw up a constitution for our infant nation to be governed by a revolutionary type of government. Your task, though not as tremendous as theirs, is as important to the destiny of this portion of America. Some of us have never been fully Americans. Some of you have been colonials all your life. We can look forward to a great spiritual and physical growth under the new status of citizenship, full citizenship. Many of us here today will no doubt live to be able to vote for those who decide our economic and cultural as well as our political destiny. We will be citizens of the largest and eventually the greatest of all states, Alaska. I feel that your grandchildren will see your names on streets of the new state. Possibly towns and cities will be named for you. The future will judge your work here, and we are part of that future. Because of the work you are doing here I feel that some of us will help legislate according to this Constitution. I feel we will amend it and flower it into full stature of American citizens.

We, the students of Nenana Public Schools, would like to thank you for the opportunity of appearing here before you and seeing you at work. It will be a day few of us will ever forget. Thank you.

REPORT OF THE COMMITTEE ON RULES

Improvement of Convention Procedure for Consideration of Proposals

The Committee suggests the following modifications to existing rules:

I

(a) After a standing committee chairman has explained an article and questions have been answered, a recess shall be called, if necessary, during which time Delegates with amendments may consult with the standing committee if they have not previously done so in order to reconcile ideas, (if possible), consolidate similar amendments, and prepare amendments in suitable form. Proposed amendments shall not be in order during the initial section by section review of proposals unless previously presented for the committee's consideration or unless this requirement is waived by the committee chairman. Long or complicated amendments shall not be in order until mimeographed.

(b) After the first section by section review of the proposal, another recess will be called to enable Delegates having further amendments to consult with the committees. In the second section by section review of the proposal, amendments may be submitted directly from the floor without previous consultation with the committee.

II

A delegate may speak only once to any motion or amendment except the mover who may open and close debate thereon. The same
restriction shall apply to amendments to amendments.

III
When a question has been put by the Chair, a roll call shall be in order upon the request of 10 delegates evidenced by a show of hands, provided that the Chair may order a roll call vote at any time.

IV
Notices of reconsideration and of motions to rescind must be given within one hour of the vote sought to be reconsidered or rescinded and the appropriate motion made within three hours of such vote. Neither reconsideration nor rescission shall carry without at least 28 affirmative votes.

The following two exceptions apply to this rule:
(a) If a recess prevents adherance to such time limits, the notice or motion involved may be announced or made at the next earliest opportunity.
(b) If a vote is taken too late in the day to afford the full time above allowed, notice and reconsideration or action to rescind shall be accomplished before adjournment that day.

OTHER SUGGESTIONS
(a) It is suggested that the Rules Committee prepare a tentative schedule for completing work on each proposal, and that the Committee announce the time to be allotted a proposal before the
Convention considers it.

(b) Adhere strictly to the period of time stated for each recess.
