### FISCAL NOTE ANALYSIS

### STATE OF ALASKA 2025 LEGISLATIVE SESSION

BILL NO.	SB 55
----------	-------

# Analysis

This bill seeks to increase the employer matching contribution of Teacher Retirement System (TRS) Defined Contribution Retirement (DCR) members from 7% to 9% beginning July 1, 2025 with a corresponding increase in the TRS employer matching contribution rate from 12.56% to 14.56%.
The increase in the TRS employer matching contribution rate to 14.56% increases the amount that participating employers are contributing to the defined benefit unfunded liability (past service cost) via the revised capped employer contribution rate of 14.56% under AS 14.25.070(a). This increase of the employer matching contribution shifts past service cost payments to TRS participating employers and will decrease the additional state contribution funding required under AS 14.25.085.
Actuarial analysis is not available at this time. Is in process and can update the fiscal note when known.
