FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2026 LEGISLATIVE SESSION

BILL NO. SB272

**Analysis**

SB272 modernizes and clarifies elements of AS 18.23.300 related to the implementation of Alaska's Health Information Exchange (HIE). The proposed changes are not anticipated to result in additional contracts, infrastructure, or positions. The primary changes in SB272 address newer data sharing, security, and patient consent principles that don't fundamentally alter the finances of operating an HIE. SB272 also clarifies some of the responsibilities of both the Department of Health and the designated entity established under AS 18.23.300.

An adjustment to HIE regulations under 7AAC 166 will be necessary to align with the revised statutes. The department anticipates that this can be accomplished within existing resource allocations.
