Dear Senator MacKinnon:

The Alaska Gasline Development Corporation (AGDC) appreciates the opportunity to provide a project status and financial update to the Senate Finance Committee on February 14, 2017. In preparation for the committee meeting and to respond to your staff's request for a detailed list of contracts and reimbursable service agreements (RSAs) entered into during Fiscal Years 2016-2018, attached is the list for FY16 and FY17. AGDC has not entered into contracts or RSAs for FY18.

If I can provide additional information, please let me know. AGDC is committed to increasing our communications with the Alaska State Legislature.

Respectfully,
