The Members of the Legislative Council
and the Legislative Budget and Audit Committee
of the Alaska State Legislature

We have audited the Schedule of Appropriations, Expenditures and Encumbrances, and the Schedule of Revenues (the schedules) of the Alaska State Legislature (the Legislature) as of and for the year ended June 30, 2025, and have issued our report thereon dated February 6, 2026. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Schedules Audit

As communicated in our engagement letter dated June 4, 2025, our responsibility, as described by professional standards, is to form and express an opinion about whether the schedules that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the schedules does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the schedules are free of material misstatement. An audit of the schedules includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of the Legislature solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

As part of our engagement, we assisted management in the drafting of the schedules of the Legislature from the Legislature's accounting records; however, management of the Legislature was involved in the drafting process and retains responsibility for the schedules. We applied safeguards to ensure the identified risks to our independence, related to our assistance, were reduced to an acceptable level.

Significant Risks Identified

Our audit standards require we communicate significant risks identified in the planning phase and that we design our audit to provide reasonable assurance that the schedules are free of material misstatement whether caused by error or fraud. The significant risks identified are consistent with the risks we discussed with you during planning.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Legislature is included in Note 1 of the schedules. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during fiscal year 2025. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates and Related Disclosures

Accounting estimates and related disclosures are an integral part of the schedules prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the schedules and because of the possibility that future events affecting them may differ markedly from management's current judgments. We evaluated the key factors and assumptions used to develop estimates and determined that it is reasonable in relation to the schedules as a whole.

Schedule Disclosures

The schedule disclosures are neutral, consistent, and clear.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate, and communicate to the appropriate level of management:

- All known and likely misstatements identified during the audit, other than those that we believe are trivial.
- All material, corrected misstatements that were brought to the attention of management as a result of our audit procedures.
- The effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the schedules as a whole.

No such misstatements were identified.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Legislature's schedules or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Legislature, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Legislature's auditors.

This report is intended solely for the information and use of the Members of the Legislative Council and the Legislative Budget and Audit Committee and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Elgee Rehfeld
