

LET US FIX OUR STUFF

Dear Lawmaker,

When companies monopolize electronics repair, it costs consumers and creates e-waste. We should give every consumer and every small business access to the parts, tools, and service information they need to repair products by passing Right to Repair legislation.

Let Us Fix Our Stuff

Dear Lawmaker,

When companies monopolize electronics repair, it costs consumers and creates e-waste. We should give every consumer and every small business access to the parts, tools, and service information they need to repair products by passing Right to Repair legislation.

LET US FIX OUR STUFF

Dear Lawmaker,

When companies monopolize electronics repair, it costs consumers and creates e-waste. We should give every consumer and every small business access to the parts, tools, and service information they need to repair products by passing Right to Repair legislation.
