48	17	1	14	16	Family & Community Services (26)	APH Payment Assistance (3327)	N	Inc	Increase Payment Assistance to Align with Resident Needs	<p>Increase funding for the Payment Assistance program to better align with the evolving needs of residents. The Payment Assistance program subsidizes the cost of care for elders whose personal resources are insufficient.</p> <p>The Alaska Pioneer Homes provide a home, memory care, activities, food service, and personal care attendant services in Sitka, Fairbanks, Palmer, Anchorage, Ketchikan and Juneau to Alaska elders regardless of their ability to pay. The Payment Assistance program subsidizes elder's resources to meet the need of care. As residents age, their care needs increase, placing a greater demand on the subsidy. In addition, the rising cost of goods and services, due to inflation, continues to impact the operational costs of providing housing, food, personal care, and medical support, which are essential components of care provided to residents.</p> <p>Each elder in a Pioneer Home has unique financial circumstances, and these needs often change over time. As a result, the demand for financial assistance grows. Increased funding is essential to ensure sustained access to appropriate levels of care.</p>	5,300.0	0.0	0.0	0.0	5,300.0	-	-	-

49	18	1	22	32	Health (16)	Senior Benefits Payment Program (2897)	N	Inc	Maintain Senior Benefit Program	<p>Additional general funds are needed to support the Senior Benefits Payment Program, which provides approximately 10 percent of Alaskan seniors age 65 and older with a monthly cash benefit of \$125, \$175, or \$250, based on income.</p> <p>There is sustained program demand and continued growth in both enrollment and pending applications. Average monthly participation has increased steadily over recent fiscal years, rising from a combined monthly caseload of 12,080 in FY2024, to 12,434 in FY2025, and to 12,701 in FY2026.</p> <p>Total FY2026 expenditures are projected to be \$24,664.6, exceeding the FY2026 budget of \$23,542.3. Historical program costs have increased by approximately three to four percent annually in recent fiscal years.</p> <p>For FY2027, the division estimates a total need of \$25,404.5 to maintain current benefit levels and accommodate expected caseload growth. This represents an increase of \$1,862.2 above the FY2026 budget level. Of this amount, \$480.3 is reflected in the third year of the fiscal note for Senate Bill 147.</p> <p>Absent sufficient funding in FY2027, the Senior Benefits Program would face increased risk of expenditure shortfalls, which could result in delayed or disrupted benefit payments to eligible seniors.</p>	1,381.9	0.0	0.0	0.0	1,381.9	-	-	-

Recent improvements in recruitment and retention have successfully reduced vacancies; however, this progress has further constrained the division's budget and eliminated its ability to offset rising expenses. Costs associated with witness travel, employee trial travel, expert witness contracts, private lease obligations, and essential technology replacements have grown to levels that cannot be absorbed without leaving prosecutor and support staff positions vacant. To preserve staffing gains and avoid reversing progress, an increase in authority will fully fund operating needs while maintaining filled positions.	397.2	0.0	0.0	0.0	397.2	-	-	-
