

State of Alaska Settlement Lands

March 2026

Map Projection: Alaska Albers Equal Area Conic

This map depicts lands that may be available on a broad scale, which does not reflect detailed land status or encumbrances. The spatial data used to generate this map was originally designed to depict land classifications and authorizations which has been modified to provide an overview of lands that may be available for conveyance or nomination under SB 198/HB281 based on the Settlement Classification. This map is for informational purposes only.
