Dear Committee Members,

I am writing in strong support of HJR043A. I watched both the House and Senate hearings regarding the breach of Alaskans' voter privacy by the AK Elections Division, and I was appalled. This was clearly an unlawful move, as this bill, outlining our constitutional rights, makes clear. Every concern listed at the end of this bill under "Further Resolved" should be heeded, specifically lines 28 through 31 on page 4 and lines 1 through 7 on page 5.

Thank you for following up, and I hope there will be more action forthcoming by the legislature and former AG Bruce Botelho.
