Konrad:

This is the third and last email I am sending you regarding outsourcing solicitations for title policies. There are many more I can send you, but these three represent good examples for the members of the House Labor & Commerce Committee to review in regards to SB122, Sections 1 & 2.

Thank you.

We are specialized in preparing TSG for the non-judicial states in USA. Below is our brief work flow on the TSG preparation.

- We do prepare TSGs based on the current owner
- We conduct PI & GI search and examine the title chain
- Bring up the open monetary issues which affects the property like Liens, Judgments, HOA dues in TSG
- Validate the vesting and bring up the current owner in TSG
- Ensure all the Junior Lien holders, HOAs and other necessary departments are received the notice through collecting the mailings
- Examine and bring up the encumbrances, Easements, Covenants and agreements which could affect the property
- Review the complete subdivision postings to ensure if the property is affected by any other transactions
- Validate through 30-40 back plants to identify any Liens
- Examine and bring up the taxes, bankruptcies, Federal Tax Liens and show up in the TSGs
- Examine for any open Judgments which is affecting the property transaction
- Examine for mobile homes, hazard issues and validate if the property near water creeks and show them up in TSGs to facilitate the buyer process
- Insert the marked property in TSG
- Prepare the complete TSG as per the state laws
