Subject: Regarding Resolution 295

Representative McCabe,

I'm an Alaska resident employed as a Flight Attendant for Alaska Airlines.

I am asking you to amend the language from "Pilot" to "Flight Crew" in Resolution 295. There are well over 600+ Flight Attendants living in the State of Alaska that would be potentially negatively impacted by the current language in your resolution.

Flight Attendants are FAA certificated with crew badges just like pilots making it simple to prove our employment if needed.

Sincerely,

Matthew Cook
Alaska Airlines Flight Attendant
Anchorage, AK
