

Robert MUMFORD

Alaska resident over 50 years

Veteran, U.S. Air Force with Top Secret Clearance

Retired Lieutenant, Alaska State Troopers/ Fish and Wildlife Protection;
Advanced Law Enforcement Certificate

71 years of age, Married, 1 Adult son.

EXPERIENCE

Lifelong hunter and fisherman. Avid amateur wildlife photographer

I have resided in the Alaska communities of: Anchorage, Palmer, Wasilla, Sand Point, Kodiak, Fairbanks, Coldfoot, and Soldotna.

20+ YEARS Alaska law enforcement as a Wildlife Trooper

Wildlife survey pilot with a Federal Low-Level endorsement. (Arctic Air Alaska)

Air transporter for hunters-fishermen (40 Mile Air, Tok)

Prior appointed member of Alaska board of Game, board of Fish and Big Game Commercial Services board.

SKILLS

As a 50 year Alaska resident, I have had the pleasure of living in numerous communities in various areas of the state. I have gained a "local" first hand knowledge of the traditions, concerns and requirements of resource users in a broad range of Alaska, both urban and rural.

As an avid wildlife photographer, I have an understanding and respect for "non-consumptive" uses and the importance of wildlife viewing opportunities,

I have the proven ability to successfully interact with various state and federal agencies that have management authority within Alaska, yet always strongly keeping with the Alaska Constitution.

As a prior board member of the game, fish and commercial services boards, I have demonstrated my strong work ethic, attention to detail and always being well prepared for meetings. I am approachable and respectful of the public and their concerns and opinions.

I recognize the importance of public interaction and confidence in the process and always work to build a record of the reasons behind any decision I make on the board.

I have a thorough understanding of the regulatory process and how it is enforced. I always seek to help create regulations that are sensible, understandable and enforceable for the betterment of Alaska's resources and Alaska's resource users.

I bring to the board a sincere, non-agenda driven perspective. I have nearly statewide experience, a passion for wildlife and the ethical use of all Alaska's resources. I have extensive experience with wildlife enforcement, wildlife management and the regulatory process. I have demonstrated that I am an excellent and active member of the board and seek reappointment to the Commercial Services board.
