FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. SSSB04

Analysis

This bill removes the Department of Environmental Conservation's (DEC) statutory duty over barbers, hairdressers, manicurists, and estheticians. This bill also introduces a new limited license for non-chemical barbering, which would be regulated by the Board of Barbers and Hairdressers in the Department of Commerce, Community and Economic Development (DCCED). This bill also designates a license type for hair braiding and imposes requirements on shop owners to display shop and employee licenses conspicuously.

DEC discontinued oversight of these facilities in FY2016. Currently DEC's work is limited to inspection of high-risk body art facilities which is funded by a reimbursable services agreement with DCCED. The duties and authorities over high-risk establishments are unchanged in the proposed bill, and the result would have no fiscal impact to DEC.

Technical edits to existing DEC regulations would be completed as time allows with existing resources.
