145 Main Street Loop, Ste. 226
Kenai, Alaska 99611-7771
Phone: (907) 283-7996
Fax: (907) 283-8127

Senate Bill 208 Agricultural Land Leases
Sectional Analysis - Version H
March 10, 2026

Section 1 would make conforming changes to AS 38.04.020(i), which is within the statutes regarding the State of Alaska's Land Disposal Bank, to allow for the method of sale of land for agricultural purposes established in Section 3 of this bill.

Section 2 would amend AS 38.05.059, regarding the sale of agricultural land, to allow for merit-based sales of agricultural land for agricultural purposes under the process established in Section 3 of this bill.

Section 3 would add new subsections (b) – (e) to AS 38.05.059, creating an optional merit-based process for the sale of State land for agricultural purposes.

AS 38.05.059(b) - Allows an individual to select and apply to purchase a parcel or tract of land. Requires the applicant to provide information on their plans for working the land and other information required by the Department of Natural Resources.

AS 38.05.059(c) – Requires applications be evaluated using criteria established in regulation.

AS 38.05.059(d) - Requires the Department to solicit competitive interest upon receipt of an application for purchase of a parcel or tract. Requires that a successful purchase proposal be determined to be in the best interest of the state, and that when multiple applications are received, that the purchase is awarded to the highest scoring eligible proposal. Applications are public record and an aggrieved applicant may file an appeal.

AS 38.05.059(e) - Provides guidelines to ensure that sales made under this section are done so in a transparent manner and in the best interest of the State, including providing the option to hold a public comment hearing.

Section 4 would make conforming changes to AS 38.05.069(d), which is within the section of statute providing first preference for agricultural land sales to owners of adjacent agricultural land, to allow for the method of leasing state land created in Section 8 of this bill.

Section 5 would amend AS 38.05.070(c) to allow the Commissioner to void leases made under the new program established in Section 8 of this bill if the land is not being used for agricultural purposes.

Section 6 would make conforming changes to AS 38.05.070(e) to exempt leases made under the new program established in Section 8 of this bill from the terms and requirements for other State leases.

Section 7 would amend AS 38.05.075(a) to exclude the new leasing program created in Section 8 from the bidding process for selling state land.

Section 8 would create a new section of statute, AS 38.05.084, allowing farmers to identify a parcel of state land and apply to lease it for agricultural purposes.

AS 38.05.084(a) – allows the Commissioner of the Department of Natural Resources to lease land for agricultural purposes in the manner described in this section. Requires land leased under this section to be limited to use for agricultural purposes. Allows certain non-agricultural activities on the land, such as clearing timber from fields.

AS 38.05.084(b) – Allows an individual to select and apply to lease a parcel of land. Requires the applicant to provide information on their plans for working the land and their qualifications to do so.

AS 38.05.084(c) – Requires the evaluation of applications using criteria established in regulation.

AS 38.05.084(d) – Requires the Department to solicit competitive interest upon receipt of an application for a lease. Requires that a successful lease proposal be determined to be in the best interest of the state, and that when multiple applications are received, that the lease be awarded to the highest scoring eligible proposal. Applications are public record and an aggrieved applicant may file an appeal.

AS 38.05.084(e) – Provides guidelines to ensure that leases made under this section are done so in a transparent manner and in the best interest of the State, including providing the option to hold a public comment hearing.

AS 38.05.084(f) – Provides for lease periods, including renewals, of 10 years. Requires the establishment in regulation of criteria for lease renewals, terminations, and requiring land be returned to the state.

AS 38.05.084(g) – Gives first preference for purchase of a parcel of land to the lessee if they have used the land for agricultural purposes for at least seven years and are in compliance with the terms of their lease.

AS 38.05.084(h) – Requires that a fee schedule be established in regulation and allows for fees to be set below the fair market rate.

AS 38.05.084(i) – Only requires appraisals or surveys if deemed necessary by the Commissioner of the Department of Natural Resources and requires inspections of leased land by the Department to ensure compliance with lease terms and conditions.

AS 38.05.084(j) – Requires leased land to be inspected by the Department at least once every two years, allowing for virtual or drone inspections in addition to in-person inspections.

AS 38.05.084(k) – Allows for civil penalties for violations of lease terms and conditions under a fee schedule established in regulation.

AS 38.05.084(l) – Defines agricultural purposes for use in this section.

Section 9 would make conforming changes to AS 38.05.102, removing parcels leased under the new program created in Section 8 of this bill from those that the Department could offer to sell to the existing lessee at current market rates.

Section 10 would make conforming changes to AS 38.05.321(g) to allow for civil penalties for violations of agricultural land covenants.

Section 11 would add a new section (k) to AS 38.05.321 to allow the Department of Natural Resources to assess civil penalties for violations of the requirements in this section to cooperate with soil and water conservation districts, prepare and implement a schedule of agricultural development, or follow the land use restrictions of an agricultural land covenant. A schedule of civil penalties for these violations would be established in regulation.

Section 12 would allow the Department of Natural Resources to draft regulations to implement the provisions of this bill.

Section 13 would create an immediate effective date for Section 12 of the bill.

Section 14 would create an effective date of January 1, 2027, for Sections 1 – 11 of the bill.
