Subject: Compact Bills HB173 and HB110 - Support
Date: Wednesday, May 14, 2025 12:31:54 PM

Please support the Compact Bills.

Alaska and Alaskans need access to occupational therapy and social work services. Compacts provide a means to access these services both by attracting out of state professionals to come to Alaska and through remote services. They provide a way for Alaskans in rural and off the road system access to services.

In the current circumstances in Alaska, we must use all the options available to attract and retain profesionas and to access traditional in person and remote services.

Thank you for supporting a way to help Alaskans for today and into the future.

Randi Sweet
Seldovia, Alaska
