### **House Bill 85: Professional Licensing: Temp Permits** Summary of Changes – Version A to Version B

The House Labor & Commerce Committee made the following changes to **Section 1**:

- Amended AS 08.01.062(a)(1)(A) to remove the provision that allowed applicants licensed or credentialed in a province or territory of Canada to qualify for a temporary license.
- Amended AS 08.01.062 to remove the provision that allowed professionals who meet the qualifications and requirements for a license in Alaska but reside in a jurisdiction that does not license that profession from qualifying for a temporary license.

As a result of these changes, only professionals licensed or credentialed in another U.S. jurisdiction (per AS 08.01.062(a)(1)(A)) or who meet the qualifications and requirements for an Alaska license through military education, training, and service (per (AS 08.01.062(a)(1)(B))) can qualify for a temporary license.
