Rep. Sara Hannan, Chair
Legislative Council
Alaska State Capitol

SPECIAL PROGRAM

Dear Representative Hannan,

It is a rare, once-in-a-very-long-time (ever?) occasion of there being two Alaska State Legislators calling it quits after 80+ years of combined service in elected office, most of which having served in the Legislature. It is with this unique nature of time-served in the Capitol that Legislative Skits wishes to host a special event honoring the retirement of Senator Gary Stevens and Senator Lyman Hoffman.

We may spare them from too much exposure to our regularly scheduled satire during the 64th Annual Legislative Skits event the evening prior, which is largely reserved for rank-and-file legislators. We instead prefer to spend a 2nd evening focusing primarily on these two distinguished gentlemen in what a few short hours could only begin to summarize.

There will be offered a scored assessment of their legislative accomplishments. There will be PCE (Profusely Chastising Entertainment). There will be an acknowledgement of what they leave for the rest of us to admire, ponder, and sort out what to do going forward.

Pursuant to AS 24.60.080(a), we respectfully request Legislative Council sanction a special program, the Stevens-Hoffman 'Adios' Retirement Roast & Toast.
