

CS FOR HOUSE BILL NO. 367(JUD)

IN THE LEGISLATURE OF THE STATE OF ALASKA

THIRTY-FOURTH LEGISLATURE - SECOND SESSION

BY THE HOUSE JUDICIARY COMMITTEE

**Offered:
Referred:**

Sponsor(s): REPRESENTATIVE STORY

A BILL

FOR AN ACT ENTITLED

1 **"An Act relating to the privacy of consumer personal data; establishing data broker**
2 **registration requirements; relating to social security numbers; making certain violations**
3 **unfair or deceptive trade practices; and providing for an effective date."**

4 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

5 * **Section 1.** AS 37.05.146(c) is amended by adding a new paragraph to read:

6 (87) consumer privacy account (AS 45.48.860).

7 * **Sec. 2.** AS 44.33.020(a) is amended by adding a new paragraph to read:

8 (45) establish and maintain a data broker registry under AS 45.48.855.

9 * **Sec. 3.** AS 45.48.430(b) is amended to read:

10 (b) The prohibition in (a) of this section does not apply if

11 (1) the disclosure is authorized by local, state, or federal law, including

12 **AS 45.48.800 - 45.48.898** or a regulation adopted under AS 45.48.470;

13 (2) the person is engaging in the business of government and

14 (A) is authorized by law to disclose the individual's social

1 security number; or

2 (B) the disclosure of the individual's social security number is
3 required for the performance of the person's duties or responsibilities as
4 provided by law;

5 (3) the disclosure is to a person subject to or for a transaction regulated
6 by the Gramm-Leach-Bliley Financial Modernization Act, and the disclosure is for a
7 purpose authorized by the Gramm-Leach-Bliley Financial Modernization Act or to
8 facilitate a transaction of the individual;

9 (4) the disclosure is to a person subject to or for a transaction regulated
10 by the Fair Credit Reporting Act, and the disclosure is for a purpose authorized by the
11 Fair Credit Reporting Act;

12 (5) the disclosure is part of a report prepared by a consumer credit
13 reporting agency in response to a request by a person and the person submits the social
14 security number as part of the request to the consumer credit reporting agency for the
15 preparation of the report; or

16 (6) the disclosure is for a background check on the individual, identity
17 verification, fraud prevention, medical treatment, law enforcement or other
18 government purposes, or the individual's employment, including employment benefits.

19 * **Sec. 4.** AS 45.48.450(b) is amended to read:

20 (b) Notwithstanding the other provisions of AS 45.48.400 - 45.48.480, and
21 except as provided **under AS 45.48.800 - 45.48.898 or** for an agent under (a) of this
22 section, a person may disclose an individual's social security number to an
23 independent contractor of the person to facilitate the purpose or transaction for which
24 the individual initially provided the social security number to the person, but the
25 independent contractor may not use the social security number for another purpose or
26 make an unauthorized disclosure of the individual's personal information. In this
27 subsection, "independent contractor" includes a debt collector.

28 * **Sec. 5.** AS 45.48 is amended by adding new sections to read:

29 **Article 6A. Data Privacy.**

30 **Sec. 45.48.800. Applicability.** (a) AS 45.48.800 - 45.48.898 apply to a person
31 that conducts business in the state or produces products or provides services targeted

1 to residents of this state and that, during the preceding calendar year, collected or
2 processed the personal data of at least

3 (1) 35,000 consumers, not including personal data controlled or
4 processed solely for the purpose of completing a payment transaction; or

5 (2) 10,000 consumers and derived more than 20 percent of the person's
6 gross revenue from the sale of personal data.

7 (b) AS 45.48.800 - 45.48.898 do not apply to the federal government, the
8 state, a public corporation of the state, the University of Alaska, a municipality, a
9 school district, a regional educational attendance area, or a tribal government.

10 **Sec. 45.48.805. Consumer rights.** (a) A consumer has the right to

11 (1) confirm whether a controller is collecting or processing the
12 consumer's personal data and access that personal data;

13 (2) obtain from a controller a list of specific third parties, other than
14 natural persons, to which the controller has transferred either

15 (A) the consumer's personal data; or

16 (B) any personal data;

17 (3) correct inaccuracies in the consumer's personal data, taking into
18 account the nature of the personal data and the purposes of the processing of the
19 consumer's personal data;

20 (4) delete personal data provided by, or obtained about, the consumer,
21 including personal data the consumer provided to the controller, personal data the
22 controller obtained from another source, and data derived from the personal data;

23 (5) obtain a copy of the consumer's personal data collected or
24 processed by the controller, in a portable and, to the extent technically practicable,
25 readily usable format that allows the consumer to transmit the data to another
26 controller without hindrance if the processing is carried out by automated means; and

27 (6) opt out of the collection and processing of the consumer's personal
28 data for purposes of

29 (A) targeted advertising;

30 (B) the sale of personal data; or

31 (C) profiling in furtherance of automated decisions that

1 produce legal or similarly significant effects concerning the consumer.

2 (b) A parent or legal guardian of a minor may exercise the minor's consumer
3 rights under this section on the minor's behalf. A guardian or conservator of a
4 consumer subject to a guardianship, conservatorship, or other protective arrangement
5 may exercise the consumer's rights under this section on the consumer's behalf.

6 (c) A consumer may designate another person to serve as the consumer's
7 authorized agent, and act on the consumer's behalf, to exercise the consumer's rights
8 under this section. A controller shall comply with a request from an authorized agent if
9 the controller is able to verify, with commercially reasonable effort, the identity of the
10 consumer and the agent's authority to act on the consumer's behalf.

11 (d) A controller or processor may not collect, process, or transfer personal data
12 in a manner that discriminates against an individual or class of individuals, or
13 otherwise makes unavailable the equal enjoyment of goods or services, based on an
14 individual's or class of individuals' actual or perceived race, color, sex, sexual
15 orientation, gender identity, disability, religion, ancestry, or national origin. This
16 subsection does not apply to

17 (1) the collection, processing, or transfer of personal data for the sole
18 purpose of

19 (A) self-testing by a controller or processor to prevent or
20 mitigate unlawful discrimination or otherwise to ensure compliance with state
21 or federal law; or

22 (B) diversifying an applicant, participant, or customer pool; or

23 (2) a private establishment as described in 42 U.S.C. 2000a(e).

24 **Sec. 45.48.810. Controller responses to consumer requests.** (a) A consumer
25 may exercise a consumer right under AS 45.48.805 by a secure and reliable means
26 established by the controller and described to the consumer in the controller's privacy
27 notice. The means established by the controller must take into account the ways that a
28 consumer normally interacts with the controller, the need for secure and reliable
29 communication of a consumer request, and the ability of the controller to verify the
30 identity of the consumer making the request. A controller may not require a consumer
31 to create a new account to exercise a consumer right, but may require a consumer to

1 use an existing account.

2 (b) In addition to other means established by the controller, a controller shall
3 allow a consumer to exercise an opt-out request under AS 45.48.805(a)(6) by
4 providing

5 (1) a clear and conspicuous "Do Not Sell My Personal Information" or
6 similarly worded link on the home page of the controller's Internet website; and

7 (2) an opt-out preference signal sent to the controller, with the
8 consumer's consent, by a platform, technology, or mechanism used by the consumer
9 that is consumer-friendly and easy for the average consumer to use and that allows the
10 controller to reasonably determine whether the consumer is a resident of the state and
11 whether the consumer has made a legitimate opt-out request; the use of an Internet
12 protocol address to estimate the consumer's location is sufficient to reasonably
13 determine residency under this paragraph.

14 (c) If a consumer's opt-out request under (b)(1) or (2) of this section conflicts
15 with the consumer's existing controller-specific privacy setting or voluntary
16 participation in a controller's financial incentive program offered under AS 45.48.840,
17 the controller shall comply with the consumer's opt-out preference provided under
18 (b)(1) or (2) of this section but may notify the consumer of the conflict and provide to
19 the consumer the choice to confirm the controller-specific privacy setting or
20 participation in the program. If a controller responds to a consumer opt-out request
21 under (b)(1) or (2) of this section by informing the consumer of a change in the price,
22 rate, level, quality, or selection of goods or services, the controller shall present the
23 terms of any financial incentive offered under AS 45.48.840 for the retention,
24 processing, sale, or transfer of the consumer's personal data.

25 (d) Except as otherwise provided in AS 45.48.800 - 45.48.898, a controller
26 shall comply with a request by a consumer to exercise the consumer's rights as
27 follows:

28 (1) a controller shall respond to the consumer without undue delay, but
29 not later than 45 days after receiving the request; the controller may extend the
30 response period by 45 additional days when reasonably necessary, considering the
31 complexity and number of the consumer's requests, if the controller informs the

1 consumer of the extension and the reason for the extension within the initial 45-day
2 response period;

3 (2) if a controller declines to take action regarding the consumer's
4 request, the controller shall inform the consumer without undue delay, but not later
5 than 45 days after receiving the request, of the justification for declining to take action
6 and provide instructions for how to appeal the decision;

7 (3) a controller shall provide information in response to a consumer
8 request free of charge once for each consumer during any 12-month period; if a
9 request from a consumer is manifestly unfounded, excessive, or repetitive, the
10 controller may charge the consumer a reasonable fee to cover the administrative costs
11 of complying with the request or decline to act on the request; the controller bears the
12 burden of demonstrating that the request is manifestly unfounded, excessive, or
13 repetitive;

14 (4) if a controller is unable to authenticate a request to exercise a right
15 afforded by AS 45.48.805(a)(1) - (5) using commercially reasonable efforts, the
16 controller is not required to comply with a request to initiate an action under this
17 section and shall provide notice to the consumer that the controller is unable to
18 authenticate the request until the consumer provides additional information reasonably
19 necessary to authenticate the consumer and the consumer's request;

20 (5) a controller may not require a consumer to authenticate to exercise
21 an opt-out request under AS 45.48.805(a)(6), but a controller may deny an opt-out
22 request if the controller has a good faith, reasonable, and documented belief that the
23 request is fraudulent; if a controller denies an opt-out request because the controller
24 believes the request is fraudulent, the controller shall send a notice to the person who
25 made the request disclosing that the controller believes the request is fraudulent, why
26 the controller believes the request is fraudulent, and that the controller will not comply
27 with the request;

28 (6) a controller that has obtained a consumer's personal data from a
29 source other than the consumer complies with a consumer's request to delete the data
30 under AS 45.48.805(a)(4) if the controller

31 (A) deletes the consumer's personal data retained by the

1 controller;

2 (B) retains a record of the deletion request and the minimum
3 data necessary to ensure the consumer's personal data remains deleted from the
4 controller's records; and

5 (C) does not use retained data for any other purpose.

6 (e) A controller shall establish a process for a consumer to appeal the
7 controller's refusal to take action on a request within a reasonable period after the
8 consumer receives the decision refusing to take action. The appeal process must be
9 conspicuously available and similar to the process for the consumer to submit requests
10 under this section. Not later than 60 days after receiving an appeal, a controller shall
11 inform the consumer in writing of any action taken or not taken in response to the
12 appeal, including a written explanation of the reasons for the decisions. If the appeal is
13 denied, the controller shall provide the consumer with an online mechanism, if
14 available, or another method by which the consumer may contact the attorney general
15 to submit a complaint.

16 (f) A controller may not condition, expressly or effectively, or attempt to
17 condition the exercise of a consumer right under this section through the use of

18 (1) a false, fictitious, fraudulent, or materially misleading statement or
19 representation; or

20 (2) a dark pattern.

21 (g) A controller or processor is not required to comply with an authenticated
22 consumer rights request if the controller or processor

23 (1) is not reasonably capable of associating the request with the
24 personal data or it would be unreasonably burdensome for the controller or processor
25 to associate the request with the personal data; and

26 (2) does not use the personal data to recognize or respond to the
27 specific consumer who is the subject of the personal data or associate the personal data
28 with other personal data about the same specific consumer.

29 **Sec. 45.48.815. Data minimization rules and de-identified data.** (a) A
30 controller shall limit the collection, processing, and transfer of personal data to that
31 which is reasonably necessary to provide or maintain

1 (1) a specific product or service requested by the consumer to whom
2 the data pertains and related routine administrative, operational, or account-servicing
3 activity, including billing, shipping, delivery, storage, or accounting; and

4 (2) a communication, other than an advertisement, by the controller to
5 the consumer reasonably anticipated within the context of the relationship between the
6 controller and the consumer.

7 (b) A controller may process or transfer personal data collected under (a) of
8 this section to provide first-party advertising or targeted advertising, except when
9 otherwise prohibited under AS 45.48.800 - 45.48.898.

10 (c) A controller that possesses de-identified data shall

11 (1) take technical measures to ensure that the data cannot be associated
12 with an individual;

13 (2) publicly commit to maintaining and using de-identified data
14 without attempting to reidentify the data; and

15 (3) contractually obligate a recipient of the de-identified data to
16 comply with the provisions of AS 45.48.800 - 45.48.898.

17 (d) A controller that transfers de-identified data shall exercise reasonable
18 oversight to monitor compliance with contractual commitments to which the de-
19 identified data is subject and shall take appropriate steps to address a breach of those
20 contractual commitments.

21 (e) A controller or processor is not required to

22 (1) reidentify de-identified data; or

23 (2) maintain data in an identifiable form.

24 **Sec. 45.48.820. Sensitive data.** (a) A controller may not collect, process, or
25 transfer sensitive data pertaining to a consumer unless the collection, processing, or
26 transfer is strictly necessary to provide or maintain a specific product or service
27 requested by the consumer to whom the sensitive data pertains.

28 (b) A controller may not sell sensitive data.

29 (c) A controller may not transfer sensitive data pertaining to a consumer
30 without first obtaining the consumer's affirmative consent. A controller shall provide
31 an effective mechanism for a consumer to revoke the consumer's affirmative consent

1 that is at least as easy as the mechanism the consumer used to provide the consumer's
2 affirmative consent and, on revocation of the consumer's affirmative consent, the
3 controller shall discontinue processing the data as soon as practicable, but not later
4 than 15 days after receiving the consumer's revocation of affirmative consent.

5 (d) Notwithstanding any other provision of AS 45.48.800 - 45.48.898, a
6 controller that knows or reasonably should know that a consumer is a minor may not

7 (1) process or transfer personal data of the minor for targeted
8 advertising; or

9 (2) sell the personal data of the minor.

10 **Sec. 45.48.825. Privacy notice and disclosures.** (a) A controller shall provide
11 a consumer with a reasonably accessible, clear, and meaningful privacy notice. The
12 privacy notice must include

13 (1) the categories of personal data collected and processed by the
14 controller and a separate list of categories of sensitive data collected and processed by
15 the controller, described in a level of detail that provides the consumer a meaningful
16 understanding of the type of personal data collected or processed;

17 (2) the purpose of collecting and processing each category of personal
18 data the controller collects or processes, described in a way that gives the consumer a
19 meaningful understanding of how each category of personal data will be used;

20 (3) how a consumer may exercise the consumer's rights under
21 AS 45.48.800 - 45.48.898, including how a consumer may appeal a controller's
22 decision about the consumer's request;

23 (4) the categories of personal data that the controller transfers to a third
24 party, if applicable, and the purpose of that transfer;

25 (5) the categories of third parties, if any, to which the controller
26 transfers personal data;

27 (6) the length of time the controller intends to retain each category of
28 personal data or, if it is not possible to identify the length of time, the criteria used to
29 determine the length of time the controller intends to retain each category of personal
30 data; and

31 (7) an active electronic mail address or other online mechanism that

1 the consumer may use to contact the controller.

2 (b) If a controller makes a material change to the controller's privacy notice,
3 the controller shall, before implementing the material change for prospectively
4 collected personal data, notify each consumer affected by the material change and
5 provide a reasonable opportunity for each consumer to withdraw consent. A controller
6 shall provide a reasonable opportunity for each consumer to provide affirmative
7 consent to further materially different processing or transfer of previously collected
8 personal data under the changed policy. The controller shall take all reasonable
9 measures to provide to each affected consumer direct electronic notification about
10 material changes to the privacy notice, taking into account available technology and
11 the nature of the relationship.

12 (c) If a controller sells personal data to a third party or processes personal data
13 for targeted advertising, the controller shall clearly and conspicuously disclose that
14 sale or processing, as well as the manner in which a consumer may exercise the right
15 to opt out of that sale or processing.

16 **Sec. 45.48.830. Responsibilities of processors and controllers.** (a) A
17 processor shall adhere to the instructions of a controller and assist the controller in
18 meeting the controller's obligations under AS 45.48.800 - 45.48.898, taking into
19 account the nature of the processing and the information available to the processor,
20 including by

21 (1) using appropriate technical and organizational measures, to the
22 extent reasonably practicable, to fulfill the controller's obligation to respond to a
23 consumer rights request;

24 (2) assisting the controller in meeting the controller's obligations
25 relating to the security of processing personal data and notification of a breach of
26 security of the system of the processor to meet the controller's obligations; and

27 (3) providing necessary information to enable the controller to conduct
28 and document a data protection assessment.

29 (b) A controller and a processor shall enter into a contract to govern the
30 processor's data processing procedures for processing performed on behalf of the
31 controller. The contract must be binding and clearly set out instructions for processing

1 data, the nature and purpose of processing, the type of data subject to processing, the
2 duration of processing, and the rights and obligations of both parties. The processor
3 shall adhere to the instructions of the controller and process and transfer the data the
4 processor receives from the controller only to the extent necessary to provide a service
5 requested by the controller, as set out in the contract. The contract must also require
6 that the processor

7 (1) ensure that each person processing personal data is subject to a
8 duty of confidentiality with respect to the data;

9 (2) at the controller's direction, delete or return all personal data to the
10 controller as requested at the end of the provision of services, unless retention of the
11 personal data is required by law;

12 (3) at the reasonable request of the controller, make available to the
13 controller information in the processor's possession that is necessary to demonstrate
14 the processor's compliance with the obligations set out in AS 45.48.800 - 45.48.898;

15 (4) after providing the controller with an opportunity to object, engage
16 a subcontractor under a written contract that requires the subcontractor to meet the
17 obligations of the processor with respect to the personal data if the processor engages
18 a subcontractor;

19 (5) ensure that personal data that the processor receives from or on
20 behalf of a controller not be combined with personal data that the processor receives
21 from or on behalf of another person or collects from the interaction of the processor
22 with an individual; and

23 (6) allow and cooperate with a reasonable assessment by the controller
24 or the controller's designated assessor, or arrange for a qualified and independent
25 assessor to conduct an assessment, of the processor's policies and technical and
26 organizational measures in support of the obligations under AS 45.48.800 - 45.48.898,
27 using an appropriate and accepted control standard or framework and assessment
28 procedure, and provide a report of the assessment to the controller on request.

29 (c) Nothing in this section relieves a controller or processor from the liabilities
30 imposed on the controller or processor by virtue of the controller's or processor's role
31 in the processing relationship as described in AS 45.48.800 - 45.48.898.

1 (d) Whether a person is acting as a controller or processor with respect to a
2 specific processing of personal data depends on the facts and the context in which the
3 personal data is processed. A person who is not limited in the person's processing of
4 personal data under a controller's instructions, or who fails to adhere to those
5 instructions, is a controller and not a processor with respect to that specific processing
6 of data. A processor that continues to adhere to a controller's instructions with respect
7 to a specific processing of personal data remains a processor. If a processor begins,
8 alone or jointly with others, determining the purposes and means of the processing of
9 personal data, the processor becomes a controller with respect to that processing.

10 **Sec. 45.48.835. Data protection assessments.** (a) Before initiating the
11 processing activity, a controller shall conduct and document a data protection
12 assessment for each of the controller's processing activities that presents a heightened
13 risk of harm to a consumer, including

14 (1) the collection or processing of personal data for the purpose of
15 targeted advertising;

16 (2) the sale of personal data;

17 (3) the processing of personal data for the purpose of profiling, when
18 the profiling presents a reasonably foreseeable risk of

19 (A) unfair or deceptive treatment of, or having an unlawfully
20 disparate effect on, consumers;

21 (B) financial, physical, or reputational injury to consumers;

22 (C) a physical or other intrusion on the solitude or seclusion, or
23 the private affairs or concerns, of consumers, when the intrusion would be
24 offensive to a reasonable person; or

25 (D) other substantial injury to consumers; and

26 (4) the collection or processing of sensitive data.

27 (b) A single data protection assessment may address a comparable set of
28 processing operations that include similar activities.

29 (c) A data protection assessment conducted under this section must

30 (1) identify the categories of personal data collected, the purposes of
31 collecting the personal data, and whether personal data is being transferred;

1 (2) consider the use of de-identified data, the reasonable expectations
2 of consumers, the context of the processing, and the relationship between the
3 controller and the consumer whose personal data will be processed; and

4 (3) identify and weigh the benefits resulting, directly or indirectly,
5 from the processing activity to the controller, the consumer, other stakeholders, and
6 the public against the potential risks to the consumer's rights, as mitigated by
7 safeguards that are employed by the controller to reduce those risks.

8 (d) Not later than 30 days after completing a data protection assessment under
9 this section, a controller shall submit a report of the data protection assessment or
10 evaluation to the attorney general. The report must include a summary of the data
11 protection assessment. The controller shall make the summary publicly available on
12 the controller's Internet website or another place that is easily accessible to consumers.
13 A controller may redact confidential or proprietary information from the report. The
14 attorney general may require a controller to disclose a data protection assessment that
15 is relevant to an investigation conducted by the attorney general, and the controller
16 shall make the data protection assessment available to the attorney general. The
17 attorney general may evaluate the data protection assessment for compliance with the
18 controller's responsibilities under AS 45.48.800 - 45.48.898. To the extent information
19 contained in a data protection assessment disclosed to the attorney general includes
20 information subject to attorney-client privilege or protection under the work product
21 doctrine, the disclosure does not constitute a waiver of the privilege or protection.

22 (e) A data protection assessment conducted by a controller for the purpose of
23 complying with another applicable law satisfies the requirements in this section if the
24 data protection assessment is reasonably similar in scope and effect to the data
25 protection assessment that would otherwise have been conducted under this section.

26 (f) A controller shall review and update the data protection assessment as
27 often as appropriate considering the type, amount, and sensitivity of personal data
28 collected or processed and level of risk presented by the processing, throughout the
29 duration of the processing activity,

30 (1) to monitor for harm caused by the processing and adjust safeguards
31 accordingly; and

1 (2) to ensure that data protection and privacy are considered as the
2 controller makes new decisions with respect to the processing.

3 **Sec. 45.48.840. Discrimination, retaliation, and financial incentives.** (a) A
4 controller may not discriminate or retaliate against a consumer for exercising a
5 consumer right under AS 45.48.800 - 45.48.898 or refusing to agree to the collection
6 or processing of personal data for a separate product or service, including by

7 (1) denying goods or services;
8 (2) charging different prices or rates for goods or services;
9 (3) providing a different level of quality of goods or services to a
10 consumer.

11 (b) A controller is not required to provide a product or service that requires a
12 consumer's personal data that the controller does not collect or maintain.

13 (c) Notwithstanding (a) of this section, a controller may offer to a consumer a
14 different price, rate, level, quality, or selection of goods or services, including goods
15 or services for no fee, if the offer is made in connection with a consumer's voluntary
16 participation in a financial incentive program, such as a bona fide loyalty, rewards,
17 premium features, discount, or club card program. A controller that offers a financial
18 incentive program under this subsection may not

19 (1) transfer personal data to a third party as part of the program unless
20 (A) the transfer is functionally necessary to enable the third
21 party to provide a benefit to which the consumer is entitled;
22 (B) the transfer of personal data to the third party is clearly
23 disclosed in the terms of the program; and
24 (C) the third party uses the personal data only for purposes of
25 facilitating a benefit to which the consumer is entitled and does not process or
26 transfer the personal data for any other purpose;

27 (2) consider the sale of personal data as functionally necessary to
28 provide the program;

29 (3) use financial incentive practices that are unjust, unreasonable,
30 coercive, or usurious.

31 **Sec. 45.48.845. Transfer of information in a business change transaction.**

1 (a) A controller may transfer to or share with a third party a consumer's personal data
2 as an asset that is part of a business change transaction if, within a reasonable time
3 before sharing or transferring the personal data, the controller provides an affected
4 consumer with

5 (1) a notice describing the business change transaction, including the
6 name of the third party receiving the consumer's personal data and the applicable
7 privacy policies of the third party; and

8 (2) a reasonable opportunity to

9 (A) withdraw the previously provided consent related to the
10 consumer's personal data; and

11 (B) request the deletion of the consumer's personal data.

12 (b) If a controller shares a consumer's personal data with a third party in the
13 process of evaluating and consummating a business change transaction, the controller
14 shall require that the third party agree by contract to keep the personal data
15 confidential and not use the personal data for a purpose other than evaluating and
16 consummating the transaction.

17 (c) A third party under (a) of this section may not use or share the consumer's
18 personal data in a manner that is materially inconsistent with (a) of this section or with
19 the privacy policy of the third party provided to the consumer in the notification
20 required under (a) of this section.

21 (d) A transfer under (a) of this section does not authorize a controller to make
22 material retroactive privacy policy changes or other changes in a manner that
23 constitutes an unfair or deceptive trade practice under AS 45.50.471 - 45.50.561.

24 (e) In this section, "business change transaction" means a merger, acquisition,
25 bankruptcy, or other transaction in which the third party assumes control of some or
26 all of the controller's assets.

27 **Sec. 45.48.850. Security procedures and practices.** (a) A controller shall
28 implement and maintain reasonable administrative, technical, and physical security
29 procedures and practices to protect the confidentiality, integrity, and accessibility of
30 personal data that are appropriate to the volume and nature of the data. The security
31 procedures and practices adopted by a controller must include a retention schedule that

1 requires the deletion of personal data when the data is required to be deleted by law or
2 is no longer necessary for the purpose for which the data was collected, processed, or
3 transferred.

4 (b) A processor shall establish, implement, and maintain reasonable
5 administrative, technical, and physical data security practices to protect the
6 confidentiality, integrity, and accessibility of personal data appropriate to the volume
7 and nature of the personal data at issue.

8 **Sec. 45.48.855. Data broker registration.** (a) Before a controller begins
9 operating as a data broker, the controller shall register with the commissioner in
10 accordance with this section.

11 (b) To register as a data broker, a controller shall

12 (1) provide, on a form provided by the commissioner,

13 (A) the name of the data broker;

14 (B) the data broker's primary physical and mailing addresses;

15 (C) the data broker's electronic mail address;

16 (D) the data broker's primary Internet website address; and

17 (E) the Internet website address for the data broker's "Do Not
18 Sell My Personal Information" Internet website page as required under
19 AS 45.48.810(b); and

20 (2) pay a registration fee in an amount established by the department
21 by regulation.

22 (c) The department shall deposit the fees paid under this section into the
23 consumer privacy account established under AS 45.48.860.

24 (d) The commissioner shall make available on the department's Internet
25 website a registry with the information provided by data brokers under this section.

26 **Sec. 45.48.860. Consumer privacy account.** (a) The consumer privacy
27 account is established in the general fund. Registration fees collected under
28 AS 45.48.855 and civil penalties and money collected in or as a result of an action
29 brought by the attorney general under AS 45.48.800 - 45.48.898 shall be deposited
30 into the general fund and separately accounted for under AS 37.05.142.

31 (b) The legislature may appropriate the annual estimated balance in the

1 account maintained under AS 37.05.142 to pay

2 (1) the salaries of attorneys in the Department of Law that enforce the
3 provisions of AS 45.48.800 - 45.48.898 at an amount that is competitive with the
4 private sector; and

5 (2) the administrative costs incurred by the department and the
6 Department of Law to enforce AS 45.48.800 - 45.48.898.

7 **Sec. 45.48.865. Violations.** (a) A violation of AS 45.48.800 - 45.48.898 is an
8 unfair or deceptive act or practice under AS 45.50.471 - 45.50.561. Each day of a
9 violation constitutes a separate violation.

10 (b) In an action brought under AS 45.50.531(a), a consumer whose personal
11 data is subjected to unauthorized access, destruction, use, modification, or disclosure
12 has suffered an ascertainable loss of money or property.

13 (c) The remedies provided under this section are in addition to the remedies
14 provided under AS 45.48.080 for a violation of AS 45.48.010 - 45.48.090.

15 **Sec. 45.48.870. Regulations.** The attorney general may adopt regulations
16 under AS 44.62 (Administrative Procedure Act) to implement AS 45.48.800 -
17 45.48.898.

18 **Sec. 45.48.875. Exemptions.** (a) AS 45.48.800 - 45.48.898 do not apply to

19 (1) protected health information that a covered entity or business
20 associate collects or processes in accordance with, or documents that a covered entity
21 or business associate creates for the purpose of complying with, the Health Insurance
22 Portability and Accountability Act of 1996 (P.L. 104-191) and regulations adopted
23 under that Act; in this paragraph, "business associate," "covered entity," and
24 "protected health information" have the meanings given in 45 C.F.R. 160.103;

25 (2) data collected, processed, or maintained that must be retained to
26 administer benefits for another individual relating to an individual who is the subject
27 of protected health information under (1) of this subsection and used for the purpose
28 of administering the benefits;

29 (3) patient-identifying information under 42 U.S.C. 290dd-2;

30 (4) information that identifies a consumer that is collected, processed,
31 or maintained in connection with

1 (A) activities that are subject to 45 C.F.R. Part 46 (Protection
2 of Human Subjects);

3 (B) research on human subjects conducted under good clinical
4 practice guidelines issued by the International Council for Harmonisation of
5 Technical Requirements for Pharmaceuticals for Human Use;

6 (C) activities that are subject to the protections provided in 21
7 C.F.R. Parts 50 and 56; or

8 (D) personal data used or shared in research, as that term is
9 defined in 45 C.F.R. 164.501, that is conducted in accordance with the
10 standards applicable under (A) - (C) of this paragraph or other research
11 conducted in accordance with applicable law;

12 (5) information and documents created for purposes of 42 U.S.C.
13 11101 - 11152 (Health Care Quality Improvement Act of 1986) and related
14 regulations;

15 (6) patient safety work product, as defined in 42 C.F.R. 3.20, that is
16 created for purposes of improving patient safety under 42 C.F.R. Part 3 (Patient Safety
17 Organizations and Patient Safety Work Product) and 42 U.S.C. 299b-21 - 299b-26
18 (Patient Safety and Quality Improvement Act of 2005);

19 (7) information derived from health care-related information listed in
20 this subsection that is de-identified in accordance with the requirements for de-
21 identification under the Health Insurance Portability and Accountability Act of 1996
22 (P.L. 104-191) and related regulations;

23 (8) information collected, processed, or sold that is subject to 15
24 U.S.C. 6801 - 6827 (Gramm-Leach-Bliley Act) and related regulations;

25 (9) an activity that involves the collection, maintenance, disclosure,
26 sale, communication, or use of any information bearing on a consumer's
27 creditworthiness, credit standing, credit capacity, character, general reputation,
28 personal characteristics, or mode of living and that is subject to 15 U.S.C. 1681 -
29 1681x (Fair Credit Reporting Act), if the activity is performed by

30 (A) a consumer reporting agency, as that term is defined in 15
31 U.S.C. 1681a(f);

1 (B) a person who furnishes information to a consumer
2 reporting agency under 15 U.S.C. 1681s-2; or

3 (C) a person who uses a consumer report as provided in 15
4 U.S.C. 1681b(a)(3);

5 (10) personal data collected, processed, sold, or disclosed under 18
6 U.S.C. 2721 - 2725 (Driver's Privacy Protection Act of 1994) and related regulations;

7 (11) personal data regulated by 20 U.S.C. 1232g (Family Educational
8 Rights and Privacy Act of 1974);

9 (12) personal data collected, processed, sold, or disclosed in
10 compliance with 12 U.S.C. 2001 - 2279cc (Farm Credit System);

11 (13) data collected, processed, or maintained

12 (A) in the course of an individual applying to, being employed
13 by, or acting as an agent or independent contractor of a controller, processor,
14 or third party, to the extent that the data is collected and used within the
15 context of that role; or

16 (B) as the emergency contact information of an individual used
17 for emergency contact purposes;

18 (14) personal data collected, processed, sold, or disclosed related to a
19 price, route, or service of an air carrier, but only to the extent preempted by 49 U.S.C.
20 41713.

21 (b) AS 45.48.800 - 45.48.898 may not be construed to restrict the ability of a
22 controller or processor to collect, process, transfer, or disclose a consumer's personal
23 data to the extent necessary to

24 (1) comply with federal, state, municipal, or tribal law;

25 (2) comply with a civil, criminal, or regulatory inquiry or an
26 investigation, subpoena, or summons by federal, state, municipal, or tribal authorities;

27 (3) cooperate with a law enforcement agency concerning conduct or
28 activity that the person reasonably and in good faith believes may violate federal,
29 state, municipal, or tribal law;

30 (4) investigate, establish, exercise, or defend a legal claim;

31 (5) provide a product or service specifically requested by the

1 consumer;

2 (6) perform under a contract to which the consumer is a party,
3 including fulfilling the terms of a written warranty;

4 (7) take steps at the request of a consumer before entering into a
5 contract;

6 (8) take immediate steps to protect an interest that is essential for the
7 life or physical safety of an individual when the collection, processing, transfer, or
8 disclosure cannot be manifestly justified using another legal basis;

9 (9) prevent, detect, protect against, or respond to a security incident or
10 malicious, deceptive, fraudulent, or illegal activity or preserve the integrity or security
11 of systems;

12 (10) engage in public or peer-reviewed scientific or statistical research
13 in the public interest that adheres to all relevant laws and regulations governing that
14 research and is approved, monitored, and governed by an institutional review board or
15 similar independent oversight entity that determines whether

16 (A) the deletion of personal data requested by a consumer
17 under AS 45.48.805(a)(4) is likely to provide substantial benefits that do not
18 exclusively accrue to the controller;

19 (B) the expected benefits of the research outweigh the privacy
20 risks; and

21 (C) the controller has implemented reasonable safeguards to
22 mitigate privacy risks associated with research, including risks associated with
23 reidentification;

24 (11) assist another controller, processor, or third party with any
25 obligations under AS 45.48.800 - 45.48.898;

26 (12) process personal data for reasons of public interest in the areas of
27 public health, community health, or population health, but only to the extent that the
28 processing is

29 (A) subject to suitable and specific measures to safeguard the
30 rights of the consumer whose personal data is being processed; and

31 (B) under the responsibility of a professional subject to

1 confidentiality obligations under federal, state, municipal, or tribal law;

2 (13) ensure the data security and integrity of personal data as required
3 by AS 45.48.800 - 45.48.898, protect against spam, or protect and maintain networks
4 and systems, including through diagnostics, debugging, and repairs;

5 (14) carry out a product recall under federal or state law or to fulfill a
6 warranty;

7 (15) conduct medical research in compliance with 45 C.F.R. Part 46
8 (Protection of Human Subjects) or 21 C.F.R. Parts 50 and 56; or

9 (16) process personal data previously collected in accordance with
10 AS 45.48.800 - 45.48.898 to convert the personal data into de-identified data,
11 including to

12 (A) conduct internal research to develop, improve, or repair
13 products, services, or technology;

14 (B) identify and repair technical errors that impair existing or
15 intended functionality; or

16 (C) perform solely internal operations that are reasonably
17 aligned with the expectations of the consumer or reasonably anticipated based
18 on the consumer's existing relationship with the controller or are otherwise
19 compatible with processing data in furtherance of the provision of a product or
20 service specifically requested by a consumer or the performance of a contract
21 to which the consumer is a party.

22 (c) A requirement under AS 45.48.800 - 45.48.898 does not apply if

23 (1) compliance would violate an evidentiary privilege under state law;

24 (2) a controller or processor provides personal data as part of a
25 privileged communication to a person covered by an evidentiary privilege;

26 (3) the right or obligation would adversely affect a right of another
27 person;

28 (4) a person collects or processes personal data in the course of that
29 person's purely personal or household activities;

30 (5) compliance would require a private school as defined in
31 AS 14.45.200 or a private institution of higher education as defined in 20 U.S.C. 1001

1 to delete personal data when that deletion would unreasonably interfere with the
2 school's provision of educational services or ordinary operations;

3 (6) compliance would require the affirmative collection of personal
4 data about the age of users that a controller does not already collect in the normal
5 course of business or require a controller to implement age restriction requirements or
6 age verification.

7 (d) A controller may collect or process personal data under this section only to
8 the extent that the collection or processing

9 (1) is reasonably necessary for and proportionate to the purposes listed
10 in this section or, in the case of sensitive data, strictly necessary for the purposes listed
11 in this section;

12 (2) is limited to data that is necessary in relation to the specific
13 purposes listed in this section;

14 (3) is subject to reasonable administrative, technical, and physical
15 measures to protect the confidentiality, integrity, and accessibility of the personal data
16 and to reduce reasonably foreseeable risks of harm to consumers related to the
17 processing of personal data; and

18 (4) complies with AS 45.48.805(d).

19 (e) A controller that collects or processes personal data under an exemption in
20 this section bears the burden of demonstrating that the collection or processing
21 qualifies for the exemption and complies with the requirements of (d) of this section.

22 (f) A violation of AS 45.48.800 - 45.48.898 by a processor or third-party
23 controller that receives and processes personal data from a controller or another
24 processor is not imputed to the controller or processor that disclosed the personal data
25 unless the disclosing controller or processor had actual knowledge that the receiving
26 processor or third-party controller would commit the violation. A violation of
27 AS 45.48.800 - 45.48.898 by a controller or processor that discloses personal data to a
28 third-party controller or processor is not imputed to the receiving third-party controller
29 or processor.

30 **Sec. 45.48.880. Component parts.** If a series of steps or transactions are
31 component parts of a single transaction and are intended from the beginning to avoid

1 the reach of AS 45.48.800 - 45.48.898, including a controller's disclosure of
2 information to a third party to avoid being considered a sale of personal data, the steps
3 or transactions may not be considered separate for the purposes of determining
4 compliance with, an exception to, or a violation of AS 45.48.800 - 45.48.898.

5 **Sec. 45.48.885. Provisions not waivable.** A consumer's waiver of the
6 provisions of AS 45.48.800 - 45.48.898 is contrary to public policy and is
7 unenforceable and void. This section does not prevent a consumer from

8 (1) declining to request information from a controller;

9 (2) declining to request that a controller not collect, sell, or disclose the
10 consumer's personal data; or

11 (3) authorizing a controller to sell the consumer's personal data after
12 previously requesting that the controller not sell the personal data.

13 **Sec. 45.48.890. Liberal construction.** The intent of AS 45.48.800 - 45.48.898
14 is remedial, and its provisions shall be liberally construed.

15 **Sec. 45.48.895. Definitions.** In AS 45.48.800 - 45.48.898, unless the context
16 clearly indicates otherwise,

17 (1) "affiliate" means a legal entity that shares common branding with
18 another legal entity or controls, is controlled by, or is under common control with
19 another legal entity; in this paragraph, "control" and "controlled" mean having

20 (A) ownership of, or the power to vote, more than 50 percent of
21 the outstanding shares of any class of voting security of a legal entity;

22 (B) control in any manner over the election of a majority of the
23 directors or of individuals exercising similar functions; or

24 (C) the power to exercise controlling influence over the
25 management of a legal entity;

26 (2) "affirmative consent"

27 (A) means a clear affirmative act signifying a consumer's freely
28 given, specific, informed, and unambiguous authorization for an act or
29 practice, after having been informed, in response to a specific request from a
30 controller; in making the request, the controller shall

31 (i) provide to the consumer a clear and conspicuous

1 stand-alone disclosure;

2 (ii) provide to the consumer a written request that
3 describes the processing purpose for which the consumer's consent is
4 sought, that clearly distinguishes between an act or practice that is
5 necessary to fulfill a request of the consumer and an act or practice that
6 is for another purpose, that clearly states the specific categories of
7 personal data that the controller intends to collect, process, or transfer
8 under each act or practice, and that uses easy-to-understand language
9 with prominent headings that enable a reasonable consumer to identify
10 and understand each act or practice;

11 (iii) clearly explain the consumer's rights related to
12 consent;

13 (iv) make the request reasonably accessible to and
14 usable by consumers with disabilities;

15 (v) make the request available to the consumer in each
16 language in which the controller provides a product or service for
17 which authorization is sought; and

18 (vi) ensure that the option to refuse to give consent is at
19 least as prominent and takes the same or fewer steps as the option to
20 give consent;

21 (B) does not include

22 (i) consent for an act or practice inferred from the
23 inaction of the consumer or the consumer's continued use of a service
24 or product provided by the controller;

25 (ii) acceptance of general or broad terms of use or a
26 similar document that contains descriptions of personal data processing
27 along with other unrelated information;

28 (iii) hovering over, muting, pausing, or closing a given
29 piece of content on the Internet;

30 (iv) an agreement obtained through the use of a false,
31 fraudulent, or materially misleading statement or representation; or

- (v) an agreement obtained through the use of a dark pattern;
- (3) "authenticate" means the use of reasonable means to determine that a request to exercise a right granted to a consumer under AS 45.48.800 - 45.48.898 is being made by, or on behalf of, the consumer who is entitled to exercise that right with respect to the personal data;
- (4) "biometric data"
 - (A) means data generated by automatic measurements of an individual's fingerprint, voiceprint, retina, iris, gait, or other unique biological pattern or characteristic that can be used to identify a specific individual;
 - (B) does not include
 - (i) a digital or physical photograph;
 - (ii) an audio or video recording; or
 - (iii) data generated from a digital or physical photograph or an audio or video recording, unless the data is generated to identify a specific individual;
- (5) "collect" means to buy, rent, gather, obtain, receive, access, or otherwise acquire personal data by any means;
- (6) "commissioner" means the commissioner of commerce, community, and economic development;
- (7) "consumer"
 - (A) means an individual who is a resident of the state;
 - (B) does not include an individual acting in a commercial or employment context or as an employee, owner, director, officer, or contractor of a company, partnership, sole proprietorship, nonprofit organization, or government agency whose communications or transactions with the controller occur solely within the context of that individual's role with the company, partnership, sole proprietorship, nonprofit organization, or government agency;
- (8) "consumer health data" means personal data that describes or reveals a consumer's past, present, or future physical or mental health condition or diagnosis;

1 (9) "contextual advertising"

2 (A) means displaying or presenting an advertisement that does
3 not vary based on the identity of the individual recipient and is based solely on

4 (i) the immediate content of an Internet website or
5 online service within which the advertisement appears; or

6 (ii) a specific request of the consumer for information
7 or feedback if displayed in proximity to the results of the request for
8 information;

9 (B) does not include a controller's use of the following types of
10 personal data to display a contextual advertisement without making inferences
11 about the consumer, profiling the consumer, or using the data for any other
12 purpose, if the consumer may use technical means to hide or change the
13 consumer's physical location and to specify a language preference:

14 (i) technical specifications that are necessary for the
15 advertisement to be delivered and display properly on a given device;

16 (ii) a consumer's immediate presence in a geographic
17 area with a radius not smaller than 10 miles, or an area reasonably
18 estimated to include online activity from at least 5,000 users, but not
19 including precise geolocation data; or

20 (iii) the consumer's language preferences, as inferred
21 from context, browser settings, or user settings;

22 (10) "controller" means a person who, alone or jointly with others,
23 determines the purpose and means of collecting or processing personal data;

24 (11) "dark pattern" means

25 (A) a user interface designed or manipulated with the
26 substantial effect of subverting or impairing user autonomy, decision making,
27 or choice; and

28 (B) a practice the Federal Trade Commission refers to as a
29 "dark pattern";

30 (12) "data broker" means a controller that knowingly collects and sells
31 to third parties the personal data of a consumer with whom the controller does not

1 have a direct relationship, but does not include a consumer reporting agency to the
2 extent the agency is covered by 15 U.S.C. 1681 et seq. (Fair Credit Reporting Act);

3 (13) "de-identified data" means data that does not identify and cannot
4 reasonably be used to infer information about, or otherwise be linked to, an identified
5 or identifiable individual or a device linked to the individual and for which the
6 controller holding the information

7 (A) takes reasonable physical, administrative, and technical
8 measures to ensure that the data cannot be associated with an individual or be
9 used to reidentify an individual or device that identifies or is linked, or is
10 reasonably linkable, to an individual;

11 (B) publicly commits to process the data only in a de-identified
12 fashion and does not attempt to reidentify the data; and

13 (C) contractually obligates a recipient of the data to satisfy the
14 criteria set out in (A) and (B) of this paragraph;

15 (14) "department" means the Department of Commerce, Community,
16 and Economic Development;

17 (15) "first party" means a consumer-facing controller with which the
18 consumer intends or expects to interact;

19 (16) "first-party advertising" means

20 (A) processing of first-party data by the first party for the
21 purposes of advertising and marketing

22 (i) through mail, electronic mail, text message, or other
23 direct communication with a consumer;

24 (ii) in a physical location operated by the first party; or

25 (iii) through display or presentation of an advertisement
26 on the first party's own Internet website, application, or other online
27 content; and

28 (B) a marketing measurement related to advertising and
29 marketing under (A) of this paragraph;

30 (17) "first-party data" means personal data collected directly from a
31 consumer by a first party;

1 (18) "identified or identifiable individual" means an individual who
2 can be readily identified, directly or indirectly;

3 (19) "marketing measurement" means measuring and reporting on
4 marketing performance or media performance by the controller and processing of
5 personal data by the controller for measurement and reporting of frequency,
6 attribution, and performance;

7 (20) "minor" means a consumer who is under 18 years of age;

8 (21) "personal data"

9 (A) means information that is linked, or is reasonably linkable,
10 alone or in combination with other information, to an identified or identifiable
11 individual or a device that identifies or is linked, or is reasonably linkable, to
12 an individual;

13 (B) does not include publicly available information or de-
14 identified data;

15 (22) "precise geolocation data"

16 (A) means information derived from a global positioning
17 system or other technology capable of determining with specificity the latitude
18 and longitude coordinates or other spatial location of an individual or device
19 and that reveals, with precision and accuracy within a radius of 1,750 feet or
20 less, the past or present physical location of

21 (i) an individual; or

22 (ii) a device that identifies one or more individuals or is
23 linked, or reasonably linkable, to one or more individuals;

24 (B) does not include

25 (i) the content of communications, a photograph or
26 video, or metadata associated with a photograph or video that cannot be
27 linked to an individual; or

28 (ii) information generated by or connected to an
29 advanced utility metering infrastructure system or equipment for use by
30 a utility;

31 (23) "process" and "processing" mean any operation or set of

1 operations performed on personal data or on sets of personal data, whether or not by
2 automated means;

3 (24) "processor" means a person who collects, processes, or transfers
4 personal data on behalf of, and at the direction of, a controller, another processor, or a
5 federal, state, municipal, or tribal government;

6 (25) "profiling" means a form of processing performed on personal
