Statewide AKLNG Mainline Route

Map displays general land ownership and current right-of-way alignment per the Department of Natural Resources public information, the project developer will be the most authoritative source of information on project details.

This map does not control or define property taxation, the Department of Revenue is responsible for the administration of property taxation at the state level.

This map was created, edited, and published by the State of Alaska, Department of Natural Resources (DNR), Division of Oil & Gas (DOG). The information displayed is for graphic illustration only. Discrepancies in boundaries, pipeline alignment, or infrastructure are the result of merging data sets from multiple sources. To see current maps and data, please visit: www.dog.dnr.alaska.gov/Information/MapsAndGIS. 11/19/2024, DOG GIS.
