**Subject:** Please Pass HB 99/SB108: LGBTQ+ Equality and Oppose HB 105/SB96

Dear Alaska House Education Committee,

Please pass HB 99/SB 108: LGBTQ+ Equality and oppose HB 105/SB96, Governor Dunleavy's attack on LGBTQ+ youth.

LGBTQ+ Alaskans deserve equality, period. LGBTQ+ Alaskans are our friends, neighbors, family, and coworkers. When it comes to being able to earn a living, having a place to live, or being served by a business or government office, they should be treated like anyone else and not be discriminated against.

I urge you to pass HB 99/SB108: LGBTQ+ Equality.

Governor Dunleavy's HB 105/SB96 is an attack on LGBTQ+ youth and will undoubtedly increase bullying, harassment, and stigmatization towards trans students in particular. Through this bill, Dunleavy is attacking Alaska students' sense of safety, making it extremely difficult for LGBTQ+ kids to live healthy and safe lives. All kids deserve to be safe at school. Trans youth should be treated with dignity and respect and should have the opportunity to live a healthy life.

To protect all students' privacy and health, I urge you to oppose HB 105/SB96.

Thank you for your time.

Sincerely,  
Mx. Meghan O'Shea

**Subject:** Please Pass HB 99/SB108: LGBTQ+ Equality and Oppose HB 105/SB96

Dear Alaska House Education Committee,

Please pass HB 99/SB 108: LGBTQ+ Equality and oppose HB 105/SB96, Governor Dunleavy's attack on LGBTQ+ youth.

All Alaskans deserve equality. When it comes to being able to earn a living, having a place to live, or being served by a business or government office, they should be treated like anyone else and not be discriminated against.

I urge you to pass HB 99/SB108: LGBTQ+ Equality.

Governor Dunleavy's HB 105/SB96 is an attack on LGBTQ+ youth and will undoubtedly increase bullying, harassment, and stigmatization towards trans students in particular. Not all gay or trans kids have families who support them in embracing their non-traditional views of family and future partners, and some of them will find ostracization or worse if "outed."

As a third-grader on the first day of school, I asked my teacher during roll call to call me Kathy rather than Kathleen. No call to my parents was needed for permission. Today's kids should also be allowed that tiny bit of freedom at school, to be called by their preferred name, or pronouns, as it hurts nobody and supports kids in starting to express individuality in tiny ways.

To protect all students' privacy and health, I urge you to oppose HB 105/SB96.

Thank you for your time.

Sincerely,  
Mrs. Kathleen Freeman

**To:** House Education  
**Subject:** Support HB105

Greetings,

We support HB 105. It is imperative that we maintain parents rights for our own children.

No government entity has a right to infringe on the rights of the people. It is not the school's or any stranger's business to be involved or speak to children about anything except educational matters: math, science, reading, writing, etc.

The school (employees of a school) has no business speaking to children about sex of any sort. Each child has the right to privacy from the school and other people in the school AND THE PARENT IS THE ONLY AUTHORITY FOR THE CHILD.

WE MUST

- 1) Prevent public schools from **hiding** a child's sexual identity or health records from parents,
- 2) Require **parental permission** before educators discuss any sexual matters with students.
- 3) Ensure that schools **separate** locker rooms and restrooms according to biological sex at birth.

THANK YOU,

Edith & Ben Grunwald

**Sent:** Tuesday, April 11, 2023 5:11 PM  
**To:** House Education  
**Subject:** I SUPPORT HB105

Dear House Legislators,

I would like you to pass HB105 because parents are the stewards of THEIR children, not the schools or the state/nation. Parents should be the only ones with authority over what their children are taught about sexuality.

Schools should only be teaching subjects like reading, writing, arithmetic, geography, personal finance, foreign language, etc. The harm that teachers and administrators, along with legislators, are doing to our children by introducing them so young to this fanaticism is seen in many recent events, i.e. school shootings, because the children cannot navigate the confusion forced on them.

School-aged children are too young to make decisions that will irreversibly alter their lives. They will soon enough be adults and must navigate things that are much too difficult for many, let alone those that are school-aged.

Let children stay innocent and enjoy their childhood.

Thank you for supporting HB105 which will protect our youngest - innocent children.

Regards,  
Rebecca DeBusk

**To:** House Education  
**Subject:** In Support of HB105

Public school educators have no place in the subjects covered in the bill. Those subjects are parental in nature.

Educators are not parents, period.

State of Alaska public school performance is atrocious which is an indicator that efforts and expenditures should be focused on what is generally know as the "3 Rs". (Examples: writing, languages, STEM, histories, logic, geography)

It's important to realize that your oath to support and defend the U.S. and Alaska constitution means that students will become critical thinkers instead of being inculcated into special interest ideological thought; including beyond the subjects in the bill.

The students can deal with those parental subjects after they are capable of grasping the wide implications related to them. It's important to be reminded that students do not become critical thinkers at a set grade level.

Please take time to critically analyze the bill and come to realize that students should be educated and not inculcated.

Please support HB105,

Harold Anderson

**Sent:** Tuesday, April 11, 2023 5:53 PM  
**To:** House Education  
**Subject:** In SUPPORT of HB 105

To: House Education Committee Members:

Frankly I find it difficult to believe and grasp that parental rights is even a topic of discussion. As a mother, grandmother and great-grandmother children are the responsibility of the parent(s). We raise them from birth and in addition to live and nurturing we provide for each child's basic human needs and spiritual guidance. Even as a working mother I saw to it these needs and family culture and heritage were taken care of and never, ever abdicated my parental responsibilities to any school, church, daycare or other organization. My expectations of those entities while my child(ren) was in their care and supervision was to provide education, spiritual growth or to fulfill the particular entities mission.

Having gone through high school and college (physical Ed major, in the pre-Title IX era, I am of the generation that fought for and support the women's right and the use of separate locker rooms and restrooms according to sex at birth. The idea of co-ed teams is important and where there are specific female and male teams, a team member should participate according to biological sex at birth.

I urge you to support HB105, for parent's rights.

**Cc:** Rep. DeLena Johnson  
**Subject:** HB105

To whom it may concern,

My name is Joshua Hanson. I live in House District 25. HB105 is a great step in the right direction to protecting children and helping them succeed in life. The things currently going on in the school system should frankly worry everybody. The school system has taken far too many strides away from educating children in their attempt to raise children. This bill does help to walk the school system back to its lane and give the parent more freedom to exercise their right to raise their children as they see fit. Please vote yes on HB105.

**To:** House Education  
**Subject:** HB105

*To the House Education Committee:*

*I want to express my appreciation for this bill. It is one that SHOULD BE passed! It only makes sense.*

- *Parents DO NOT 'coparent' with the government. America is neither socialist nor communist. Our children are our children!*
- *Parents should know what is happening in their children's lives, especially at school. Therefore, transparency in all matters, should be the norm and is expected by me as a parent.*
- *Parents should be able to opt out or opt in for sex ed classes.*
- *Parents should know the content of the curriculum BEFORE it is taught.*
- *Permission slips are a VITAL part of school activities. Yes, my child may participate, no, my child WILL NOT participate.*
- *The school should be an extension of the home, to train & educate their children. It is not the place of schools or teachers to force ideologies or political agendas on children.*
- *The school should be a safe place for all students, especially in the locker rooms & bathrooms! ONLY biological males should be with biological males & ONLY BIOLOGICAL females with biological females. It is totally ludicrous to even have this discussion. Mental illness should never be treated as normal, and it should not be forced upon children as being so.*

*PLEASE pass this bill! I strongly urge you to do something to benefit the family. That is the reason you folks were sent to Juneau! Protecting our children is of the utmost importance! DO THE RIGHT THING!*

*I am very involved in the education of my children. I own multiple businesses in the Matsu Valley, and have been in Alaska long enough to know that passing this bill is supported by those of us it affects. I would bet money that the majority of those against this bill don't have kids in school.*

*Pass this bill to protect our young people.*

Sincerely,

Chris Bottoms

**From:** Aaron & Lora Nolan <[REDACTED]>  
**Sent:** Tuesday, April 11, 2023 11:15 PM  
**To:** House Education  
**Subject:** HB105

Hi

Thank you for serving the public. Thank you for being willing to read my comments on HB105.

Children belong to their families, not to any school or any educator.

Parents have the honor and privilege to give or withhold permission for their children to participate in any activity; especially including, but not limited to sex education, counseling, and personal medical care.

Children enter the world male or female - a status determined before they are born. Surgery cannot change genetics and at best mutilates what God has so carefully formed.

Leading children to believe their gender is theirs to decide is ludicrous, unscientific, and misguided.

For those struggling with gender related issues, privacy should be respected with the use of single occupancy bathrooms, locker rooms, and showers.

Thank you for considering my thoughts on this bill. My family encourages you to vote with a good conscience as you consider these issues. Our children are our most valuable resource. Their health, both mental and physical is wrapped up in how you determine these issues.

With sincere hope for a bright and stable future for the boys and girls in school today, Lora Nolan Mother of 7

**Subject:** Support for SB 52

Please accept this as my personal testimony in support of SB 52 increasing the BSA being heard on April 13.

The BSA is imperative to a thriving school system. If we continue to short change our kids, we might as well change our state motto from "North To The Future" to "Last One Out Please Turn Out the Lights."

I realize it is expensive to do this, but let's think about perhaps some thoughtful taxes that are fairly divided among Alaskans and non-Alaskans who work up here only. I'm willing to pay my share for better funded schools (among other things).

Thanks for your consideration.

**From:** Sharon Kaye Fisher <[REDACTED]>  
**Sent:** Wednesday, April 12, 2023 1:58 AM  
**To:** House Education  
**Subject:** HB105 - PLEASE PASS

Dear House Education Committee,

Please pass HB105. This bill will protect our children and support families.

The importance of this bill is three-faceted. It will:

- prevent schools from hiding a child's sexual identity and health records from parents.
- require parental permission BEFORE educators discuss sexual matters with students.
- ensure schools have separate lockers and restrooms according to biological sex at birth.

Parents should know what is happening in their children's lives, especially at school. Transparency is essential.

Parents should know the content of the curriculum before it is taught in the classroom.

As a former elementary school teacher, I knew I was there to educate students not to replace the role of the parent. I am the mother of five children and the grandmother of 16 grandchildren. Please trust parents and families to raise their children and let schools play a supportive role.

Please do the right thing. Pass HB105.

Sharon Kaye Fisher

**Sent:** Wednesday, April 12, 2023 7:48 AM  
**To:** House Education  
**Subject:** HB105 parental rights

Representatives:

I am in total support of HB 105. All Parents require and definitively have the right to know each and every subject/educational topic their children are taught in school. In addition, parents must be required to "opt in" to any sexual identity and or sex education taught in the schools.

It is obvious by the introduction and necessity of HB105 that schools are operating without parental input and trying to hide their "special" educational offerings knowing parents would be opposed to their WOKE indoctrination of their children. Parents need to remain in control of their children's education. Schools need to mend relationships and earn back the trust of parents. Until this happens parental rights MUST be codified in law.

Personally, it saddens me that it has come to this. Directly related to schools pushing an extremely liberal agenda and indoctrination of our children. Shame on you!

**To:** House Education  
**Subject:** HB 105

Dear House Legislative Committee,

I am writing to you in support of the proposed Bill HB 105. I am both an educator and a parent in the public school system. I was excited to see the proposal of this bill and saddened to hear of the opposition toward it. As an educator, I am always looking for ways to communicate and partner with parents of my students. We are a team that is looking out for the best interest of our children and students.

As a parent I am not only financially responsible for the well-being of my child, but also am responsible for their physical, safety, emotional, cultural and spiritual well-being. It also stands to reason that I am part of their educational process. I appreciate teachers that take the extra effort to communicate how my children are doing in school, not only academically, but also socially and emotionally. Parents know their children best and can contribute greatly to a child's education. As an educator, I appreciate parents who reach out and let me know how to best educate their children. I want to know what they believe about sex education, morality, religious preferences because it helps me to be sensitive to a student's belief system in the home. Consistency and support are what children need and if educators and parents are at odds with each other through lack of communication, it can put the child into emotional distress and confusion. I strongly support this bill and feel it will help to bridge the gap with communication between school and parents.

Thank you for taking the time to read and consider this,

Respectfully,

Sarah Wardell  
Special Education Teacher, K-12  
Lake and Peninsula School District

**Sent:** Wednesday, April 12, 2023 7:42 AM  
**To:** House Education  
**Subject:** HB105

I write to ask you to support HB105. Public schools should never be allowed to hide a students health records from his parents. Parents must be respected, protected, and listened to regarding the rearing of their children. Educators must obtain parental approval to discuss sexual matters with students. Separate locker rooms per biological sex will protect students rights to a safe environment.

Thank you,  
Jon Agosti

**From:** Stacey Miller <[REDACTED]>  
**Sent:** Wednesday, April 12, 2023 8:57 AM  
**To:** House Education  
**Subject:** HB105

I am a mother of an elementary aged boy.

The purpose of my email to to express my deep concern regarding the promotion of gender ideology that is permeating public schools across the nation, including Alaska.

In 2017, the American College of Pediatricians, stated that gender ideology harms children and “urged healthcare professionals, educators and legislators to reject all policies that condition children to accept as normal a life of chemical and surgical impersonation of the opposite sex.” The ACP went on to state that “conditioning children into believing that a lifetime of chemical and surgical impersonation of the opposite sex is normal and healthful is child abuse. Endorsing gender discord and normal via public education and legal policies will confuse children and parents, leading more children to present to “gender clinics” where they will be given puberty-blocking drugs. This, in turn virtually ensures they will “choose” a lifetime of carcinogenic and otherwise toxic cross-sex hormones, and likely consider unnecessary surgical mutilation of their healthy body parts as young adults. What compassionate and reasonable person would condemn young children to this fate knowing that after puberty as many as 88% of girls and 98% of boys will eventually accept reality and achieve a state of mental and physical health.”

In closing, the gender ideology that is currently being promoted by public schools seeks to promote sexual ideologies which are unfit for the minds of our children. These mature themes should not be introduced to children and these adult subjects have to place in public schools. I support HB105, the parental rights bill.

Respectfully,

Stacey Lange

Greetings!

Please support HB105. Schools need to remain accountable to their constituents, the majority of citizens are more middle-of-the road, not eager for extreme drag-queen, LGBTQ+ ideology. Most people see schools as *en loco parentis*, not an opportunity to exploit their influence.

Thank you for dealing with this.

Support bill 105. This transgender garbage has gone too far. This is the reason my children will not aep foot into a "Government School Building". It's disgusting what things people will allow to happen to children.

Also, I would suggest putting cameras in every classroom aimed at the teachers and not the children to protect our kids. So much we can be doing to protect kids and we do nothing.

**Sent:** Tuesday, April 11, 2023 9:26 PM  
**To:** Rep. Jamie Allard  
**Subject:** House Bill 105 support

Rachel Grossmann  
[REDACTED]

April 11, 2023

The Honorable Jamie Allard  
State Capitol Room 415  
Juneau AK, 99801

Dear Representative Allard:

My name is Rachel Grossmann and I live with my husband, two sons and daughter in Port Alsworth, Alaska. We are involved at Tanalian school on many levels. As a family, we represent parents, students, athletes, a teacher who is part of the teacher's union, and a coach at Tanalian school.

I am writing you to ask for your help in keeping schools a safe place for students, families, and teachers alike. Secrecy has no place at school, dividing children and parents/guardians from one another. Parents and guardians place great trust in the educators and school that teach their children, however that trust would be broken if laws came into place that allowed schools to hide information about children from their very own parents or guardians. As a teacher, working alongside the family, parent or guardian is the best way for achieving holistic education and wellness for each child. When my children are struggling at school, I appreciate hearing from their teacher so we can move towards understanding and help where it is needed. House Bill 105 would provide that foundation for unity between home and school, rather than fostering division and enmity. **I am asking for your support of Bill 105.**

Thank you for your time and considering my request.

Sincerely,  
Rachel Grossmann

**From:** Damien Stella <[REDACTED]>  
**Sent:** Tuesday, April 11, 2023 11:25 AM  
**To:** House Education  
**Cc:** Rep. Zack Fields  
**Subject:** Please Support HB 105

I strongly encourage you to support the Governor's proposed legislation developed as HB 105. I understand that this bill drives three essential ends:

- 1) It prevents public schools from hiding a child's sexual identity or health records from parents,
- 2) It requires parental permission before educators discuss any sexual matters with students.
- 3) It ensures that schools separate locker rooms and restrooms according to biological sex at birth.

Back when I was a child, we called this common sense. Many of us, me included, still do. This legislation can only spell relief for parents AND children strained by a degree of...well, what can one say: INSANITY running amok across our nation. We need to ensure that this problem sinks its root no further and does no more damage than has already occurred in Alaska's schools.

Thank you for your consideration,

Damien Stella

**From:** Wendy Monrad <[REDACTED]>  
**Sent:** Tuesday, April 11, 2023 12:03 PM  
**To:** House Education  
**Subject:** HB105

I am writing in support of HB105. This is common sense legislation designed not only to protect our children from the disturbing trend of sexualizing our children at increasingly younger ages, but also to reconnect parents with teachers and administrators in the education of our children. We should be doing this together - parents and families who live with these children, are responsible for their care and know them well working with educators, instead of against each other. We need to rebuild trust between families and educators and that will happen best with open and honest communication. No hiding of issues and ensuring permission by parents for subjects.

Separate bathrooms and locker rooms is also common sense - protection physically, emotionally, and psychologically for all children.

Thank you for all you do ensuring the safety, security and success of our children. It is a great responsibility!

Wendy Monrad  
Anchorage AK

**To:** House Education  
**Subject:** Support HB105

Dear Members of the Alaska House Education Committee,

I urge you to support HB105. As a parent and educator, I believe that sex education and discussion of any kind of sexual or identity matters belongs in the hands of the parent. Parents love their children more than teachers, legislators, and political proponents could ever care about them. Therefore, parents are the best people to make decisions for their children on any level. It is unthinkable that anyone would be able to advise children on life-altering decisions without the consultation of the parents.

Please vote for families and the health and well-being of our children and make passing HB105 a priority!

Thank you,  
Karen Lange  
Juneau AK

**Subject:** Who s child are they

Any policy that withholds behavior (sexual/gender, disciplinary, or excellence) info from a parent or guardian of a child is a step in the wrong direction. Any staff or educator that is for this needs to find a different profession. Any sex instruction that happens in k-6 should require parental or guardian opt in/approval. The 'Village' of any student is not determined by anyone but the child's parent or guardian.

If you wonder, why there is numerical decline in our public schools ....it is these mindsets that parents and guardians have and will draw the line at!

This email is to proclaim my support for Governor Dunleavy's House Bill 105 concerning parental rights. Please take this bill seriously and give it the support that it deserves. Parents have a tremendous responsibility in raising their children to be strong, positive members of society and need to be supported in that role.

Every parent has a different perspective on what that looks like and should not be hindered by the opinions of those who differ from their ideas. Children should be taught to honor their parents not helped to hide from or deceive their parents.

Education should always be to aid parents in their goals of providing stability for their children not to take that role away from them.

Thank you for supporting parental rights in Alaska.

Sincerely,  
Karmelle Deile

**From:** Mary Ravetta <[REDACTED]>  
**Sent:** Tuesday, April 11, 2023 1:41 PM  
**To:** House Education  
**Subject:** HB 105

Hi I am Mary Ravetta McKeever,

I moved here over a year ago to Wasilla to marry Jack McKeever who has raised his 3 daughters and grew up here in Anchorage. I moved from 40 years in Los Angeles and Seattle areas where I retired as an electrical engineer for Boeing. I also worked as a Substitute teacher for Los Angeles United School district from 2019 until 2022, and have my Master's in Psychology where I also counseled children for public schools for my practicum. I often ended up helping the parents so they could help their children.

I am 100% opposed to parents not having parental rights for their children in their schools. The parents are crucial to the children doing well in school on every level, academically, socially and emotionally. I also support the written permission for Sex Ed classes. I support transparency in records including pronouns; no secrets. I support bathroom and locker rooms designated by biological gender and safe single occupancy spaces for the children in schools.

The parents must be involved with their children's lives at school. **The family is the foundational building block to our society.** If you break down the foundation of families by taking away parent's rights, you break down our society at a root and foundational level. You will destroy the family unit. You will create consequences for generations ahead that are severely detrimental. I'm speaking from a Master's level education in Psychology, Marriage, Family and Child Counseling. Graduated 1996 from Hope International University in Fullerton, CA.

I am writing to express my complete support of HB105. I am a mother of 3, grandmother of 13 and a resident of Alaska since 1959. I was educated in Alaska's public schools and worked in ASD for nearly 30 years. The lack of parent involvement was a problem we were always seeking to solve. Now we see parents deliberately being excluded from what's happening in schools, secrets being kept and young children being sexualized and groomed without parental consent. Parents are their child's first teacher and the ones who truly care about their educational outcomes. Please support this bill. It's a good start in ensuring the safety and quality of Alaska's schools.

**From:** Marianne and Mike Post <[REDACTED]>  
**Sent:** Tuesday, April 11, 2023 2:21 PM  
**To:** House Education  
**Subject:** HB105

To Whom it may concern,

I am writing to ask you to vote in favor of the HB105 bill. This bill is only talking about what most of us parents take as being for granted. You must stop the push from liberals to use the schools as a place to indoctrinate children rather than plain education. Until you do, families like mine will continue to homeschool and will never trust in the school institution again. It is so sad that many families stay away from public schools because they have become a place which is anti-family values. I implore you to help in restoring schools to what they are supposed to be, a simple place where children can learn to write and read, do math, learn about history without bias, and no longer allow them to be places where teachers or other staff try taking the role of parents. Schools should be a help to families, an opportunity for every child to be educated, not a place where children can be indoctrinated in morals which are contrary to what parents desire. Let's leave the politics out of our schools and just go back to academic teaching. Thank you,

Marianne Post

Dear Alaska House Education Committee

Please support the parental rights bill Governor Dunleavy has introduced.

This bill would prevent public schools from hiding a child sexual identity, or records from parents. It would also require parental permission before educators, discuss any sexual matters with students. It would ensure that schools, separate locker rooms and restrooms, according to biological sex at birth.

Thank you for your time in supporting this much needed bill on behalf of all it children.

Sincerely,

Karen Karlen  
Fairbanks AK

**Sent:** Tuesday, April 11, 2023 2:35 PM  
**To:** House Education  
**Subject:** HB 105

To the House Education Committee:

I want to express my appreciation for this bill. It is one that SHOULD BE passed! It only makes sense.

- Parents DO NOT 'coparent' with the government. Our children are our children!
- Parents should know what is happening in their children's lives, especially at school. Therefore, transparency in all matters, should be the norm.
- Parents should be able to opt out or opt in for sex ed classes.
- Parents should know the content of the curriculum BEFORE it is taught.
- Permission slips are a VITAL part of school activities. Yes, my child may participate, no, my child WILL NOT participate.
- The school should be an extension of the home, to train & educate their children.
- The school should be a safe place for all students, especially in the locker rooms & bathrooms! ONLY biological males should be with biological males & ONLY BIOLOGICAL females with biological females. It is totally ludicrous to even have this discussion.

PLEASE pass this bill! I strongly urge you to do something to benefit the family. That is the reason you folks were sent to Juneau! Protecting our children is of the utmost importance! DO THE RIGHT THING!

I own a whole food business in the Valley. I can easily speak for 90% of my clientele. The very vast majority believe as I do. My email list reaches over 1500 Alaskans. We would all be very grateful!

Sincerely,  
Margaret Loew
