FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB186

Analysis

Analysis/Assumptions:

The Department of Environmental Conservation has oversight of retail markets such as food banks and other organizations that receive donated food and distribute it to the public. This bill expands on statutes that relieve donors and food banks of liability related to the donation of food. Additionally, this bill allows food fit for human consumption to be donated, even if the "best by" date has expired. This is consistent with the Department's current regulations at 18 AAC 31 (Alaska Food Code).

The Alaska Food Code requirements apply to all current and future food bank type establishments, whether they are defined as a food bank or a charitable organization in the proposed bill. If passed, this bill will not change the way the Department regulates organizations that receive and distribute food.

There would be no fiscal impact to the Department.
