Whereas: *SB 206 establishes a new firearm safe storage grant fund and grants open-ended regulatory authority to the Department of Public Safety, creating the infrastructure for future mandates and enforcement;*

Whereas: *SB 206 normalizes government involvement in private firearm decisions and lays the groundwork for compulsory storage laws, inspections, and penalties;*

Whereas: *SB 206 shifts firearms from a constitutionally protected right into a "public health risk" category, undermining the Second Amendment and Article I, Section 19 of the Alaska Constitution;*

Whereas: *SB 206 invites state agencies and schools to pressure families about how they access and store firearms—without any allegation of wrongdoing or due process;*

Whereas: *SB 206 establishes a new firearm safe storage grant fund and grants open-ended regulatory authority to the Department of Public Safety, creating the infrastructure for future mandates and enforcement;*

Whereas: *SB 206 normalizes government involvement in private firearm decisions and lays the groundwork for compulsory storage laws, inspections, and penalties;*

Whereas: *SB 206 shifts firearms from a constitutionally protected right into a "public health risk" category, undermining the Second Amendment and Article I, Section 19 of the Alaska Constitution;*
