**Date:** Thursday, April 30, 2026 8:53:20 AM

---

Dear Alaska Senate,

Please support HB 25 to restrict restaurant use of polystyrene. It's past time we stop polluting the world with disposable plastics, and especially our own land of Alaska. We have just this one world to live in, we can step up and do a better job of keeping it livable. The children of the world are in need of our care of our one and only planet Earth.

Sarah Robicheaux
