Subject: Support for HB 25

Greetings:

I support HB 25 and the ban on the use of styrofoam to-go containers for food in Alaska. Please support this bill and do all you can to advance and pass it. This will be a concrete step in reducing styrofoam pollution degrades the visitor experience in Alaska through unsightly trash. Tourists come to our state for an experience of "pristine" wilderness, and this bill will help support the tourism industry though improving the visitor experience. Styrofoam also damages fish habitat and aquatic ecosystem function, so this bill will also benefit our fisheries and habitat health as well.

Sincerely,
Megan
