Committee

## REPRESENTATIVE KY HOLLAND

### HB 317 Version G (34-LS0765\G) Sectional Analysis

**Section 1:** Amends AS 44.42.020 by adding to the duties of the Department of Transportation and Public Facilities.

- Directs the Department to develop long-term plans to improve the resilience of its facilities against natural disasters and environmental changes.

**Section 2:** Amends uncodified law to direct that the Department:

- Develop a plan for prioritizing maintenance of transportation facilities in areas of high wildfire risk, giving highest priority to facilities that support communities with only one means of egress;
- Solicit input from local jurisdictions and community stakeholders;
- Create a prioritized list of state facilities for wildfire preparation, maintenance, and vegetation management; and
- Report to the legislature on its methodology and prioritization plan.
