## PROFESSIONAL OVERVIEW

A highly motivated professional with nearly 20 years of oil spill response experience and training. Excellent communication and leadership skills with a proven track record of success, in both team and independent settings.

## WORK EXPERIENCE

**Interim Emergency Preparedness and Response Supervisor**  
*Alyeska Pipeline Service Company, Valdez, Alaska | 2025 – present*

Provides supervisory coordination of various projects; provides direction for safe operations; manages contracts and ensures all work activities follow company policy and regulations; uses various software applications to document training records, timesheets, and work management; supervises and supports a high-performance team.

**Senior Environmental Operations Response Coordinator III**  
*Alyeska Pipeline Service Company, Valdez, Alaska | 2018 – present*

Works directly with trustees, agencies, and contractors in a cross-team environment to ensure regulatory compliance of wildlife and non-mechanical response tactics. Oversees the maintenance of facilities and equipment; manages the inventory of supplies; organizes training for field and rehabilitation personnel; provides direction, training and mentoring to team members; acts as a step-up supervisor when needed.

**Environmental Operations Branch Director**  
*Alyeska Pipeline Service Company, Valdez, Alaska | 2019 & 2020*

Actively participated in the Incident Management Team during oil spills; preformed branch director responsibilities that included supporting wildlife response, organizing Shoreline Cleanup Assessment Team (SCAT) activities, and supporting sensitive area tactics; acted as a liaison between operations and environment (planning) sections.

**SERVS Response Coordinator I & II**  
*Alyeska Pipeline Service Company, Valdez, Alaska | 2012-2018*

Worked directly with experienced coordinators to learn various response actions and accountabilities. Participated in nearshore, tug, open water, lightering, wildlife, non-mechanical and duty office activities. Acted as group supervisor in several deployments and drills. Taught Sensitive Area Protection and Task Force Leader classes at annual Vessel of Opportunity Training. Assigned as the Non-Mechanical and Wildlife Response Coordinator in 2013; assumed a temporary assignment as Lightering Response Coordinator in 2014.
