Dear Senators,

I'm an Anchorage resident of 22 years and a Designer in the architectural community for the same. I am writing to express my support of HB 314 personally and believe Interior Designers should be held to the same professional registration as those on the AELS Board.

Please pass HB 314, Extend AELS Board; Register Interior Designers.

Sincerely,

Amber Harper
Associate Designer at BDS Architects
Resident of Downtown Anchorage, District 17-I
