House Bill 303 Explanation of Changes Version A to Version I

“An Act relating to data sharing by the Department of Administration.”

Section 1: Amends AS 28.05.068(b) to allow the State Division of Motor Vehicles (DMV) to share identification information to a private entity in order to confirm the validity of the individuals volunteering their information to that entity.

Section 2: Amends AS 28.15.151 by adding a new subsection (g) to allow private entities to receive identification information from the DMV, provided the entity is enrolled in the Transportation Security Administration’s (TSA) Registered Traveler Program. The subsection limits use of the information to identity verification purposes and requires that participating entities be vetted and authorized to operate in federally regulated airports.
