FISCAL NOTE ANALYSIS

STATE OF ALASKA
2026 LEGISLATIVE SESSION

BILL NO. CSSB278

Analysis

The legislation limits the 2.65 mill required local contribution of a city or borough school district to not exceed 45 percent or the amount of the district's required local contribution based on 2.65 mill rate for the preceding fiscal year by more than five percent. The five percent limit will sunset on July 1, 2028 (FY2029).

The department estimated municipal assessed full and true value for fiscal years 2028 through 2032 by calculating an average change of the past five-years of the assessed full and true values for each district and applying that average to the prior year's calculated assessed value. It then looked at the amounts of 2.65 mills on assessed values, the 45 percent of prior year basic need (unchanging in this estimate), and 105 percent of the prior year's required local contribution, and selects the lesser. The difference between this calculation to the current statutory calculation is the basis of the cost estimates.

The bill is effective July 1, 2026 (FY2027), with fiscal impacts only in FY2027 and FY2028.
