Subject: SB176 Gun Rights

Gun rights:

I am a supporter of gun rights. I belonged to the NRA several times 40 or 50 years ago and NRA would make a 'left hand turn' and I would quit.

SB 176 : A thoughtful gun owner always respects the rights of others. There is little something wrong and suspect about those who want inflict guns on others. If you don't want guns in the Gallery don't be prescribing guns for others where the guns are not wanted. Gun ownership has no place for "Grand Standers" or the abuse of others.

Signed an old geezer who has three dozen guns of his own including flintlocks
