## FISCAL NOTE #1

STATE OF ALASKA  
2011 LEGISLATIVE SESSION

BILL NO. SB 65

### Analysis

The bill allows AIDEA to invest directly in a corporation or limited liability company which holds a development project as its sole asset. This bill also expands the definition of development projects that AIDEA may own and operate to include projects which "enhance or promote economic development associated with transportation, community public purposes, technical innovations, prototype commercial applications of intellectual property, or research." This bill also enables AIDEA to adopt regulations to establish its own procurement process; similar procurement authority is granted to other state corporations.

This legislation has no operational fiscal impact to AIDEA.
