FISCAL NOTE ANALYSIS

**STATE OF ALASKA
2023 LEGISLATIVE SESSION****Analysis**

This legislation will change the amount a vessel owner may be reimbursed by the Fishermen's Fund. Currently vessel owners may be reimbursed the full amount of their protection and indemnity (P&I) insurance deductible or \$5,000 per claim, whichever is less. Under this legislation, the threshold for reimbursement is raised from the full amount of the protection and indemnity (P&I) insurance deductible or \$10,000 per claim, whichever is less.

The department projects that this will increase liability to the Fishermen's Fund by \$20,600 per fiscal year. This projection is based on an average for these types of claims filed between FY14 and FY22 of nine claims per year at an average cost per claim of \$2,300, a total of \$20,600 per year. There is sufficient revenue in the Fishermen's Fund to cover this increased liability.
