		OPERATING NUMBERS SECTION (Regular Supplemental)																
1	1	1	2	11	Administration (2)	Administrative Hearings (2771)	N	Suppl	Replace Unavailable Interagency Receipts with General Funds	The Office of Administrative Hearings (OAH) bills an hourly rate for hearing services provided to other State agencies. In FY2024, exempt and partially exempt positions received a five percent cost of living increase and Attorneys, and other legal staff, received an additional 15 percent increase. OAH received an increment of interagency authority to accommodate this increase, which would have resulted in a substantial rate increase billed out for adjudicative hearing services to both State agencies and other agencies including municipalities, school districts, and non-government organizations. This will offset with general funds rather than significantly increasing the rate.	\$ 525.0	\$ -	\$ (525.0)	\$ -	\$ -	- - -		
2	2	1	2	17	Commerce (8)	Commissioner's Office (1027)	N	Suppl	Federal Receipt Authority for State Trade Expansion Program Grants	The Commissioner's Office has applied for and received a State Trade Expansion Program (STEP) grant from the federal United States Economic Development Agency. The grant for FY2024 totals \$100.0, which may be spent over two fiscal years. This award requires an in-kind match of staff salary of \$33.3, which will be met by existing budgeted staff time. The Commissioner's Office anticipates applying for and receiving a similar grant in FY2025. Currently, the Commissioner's Office has \$50.0 in federal authority, another \$50.0 is necessary to spend the award. The STEP grant program supports small businesses with expenses related to exporting such as: participating in foreign trade missions, market sales trips, designing international marketing campaigns, participating in export trade show exhibits, and attending export training workshops. The goal is to increase the number of exporters in the state by providing financial assistance awards to small businesses that are new to export or that are engaging in export market expansion. The Commissioner's Office will work closely with the Division of Community and Regional Affairs' grants section to design and implement the grant program.	\$ -	\$ -	\$ -	\$ 50.0	\$ 50.0	- - -		
3	3	1	2	22	Corrections (20)	Recruitment and Retention (3279)	N	Suppl	Medical Testing and Travel Costs	Additional authority within the Recruitment and Retention component is necessary to meet the projected shortfall in operating expenditures associated with Correctional Officer (CO) and Probation Officer (PO) applicant medical testing and travel related costs. Medical testing of all CO and PO applicants is required by the Alaska Police Standards Council (APSC). Under an agreement DOC is now required to pay for all medical testing of applicants and not just those seeking reimbursement for out-of-pocket expenses. DOC solicited and negotiated a contract for these services at a cost of \$890.00 per test within the Anchorage area requiring applicants outside of this area to travel for testing. During FY2023, DOC had 174 CO and PO applicants that passed all phases of the background including the psychological testing which required payment of the medical testing. Additionally, approximately 20-25 percent required travel arrangements (of which 15 percent were from out of state). Without this funding, the required testing will result in increased vacancies for correctional and probation officer positions and increase overtime hours within the institutions and field probation offices.	\$ 201.3	\$ -	\$ -	\$ -	\$ 201.3	- - -		
4	4	1	2	23	Corrections (20)	Institution Director's Office (1381)	N	Suppl	Operational Needs and Maintenance of Safe Institutional Operations	Current budget authority is insufficient to meet ongoing operational costs required to maintain safe institutional operations. Increased institutional costs are associated with employee overtime and temporary assignments due to position vacancies and leave requirements, move and relocation costs, employee provided housing, officer training, contractor coverage, fuel and utility increases, as well as the increased costs associated with institutional supplies (e.g. food, clothing, bedding, security, uniforms, maintenance and other household institutional needs and related shipping costs). Total increase of \$15,471.2 is distributed as follows: \$2,002.5 Anchorage Correctional Complex \$602.3 Anvil Mountain Correctional Center \$152.8 Correctional Academy \$1,360.6 Fairbanks Correctional Center \$1,844.7 Goose Creek Correctional Center \$1,845.9 Combined Hiland Mountain Correctional Center \$1,149.2 Institution Director's Office \$297.1 Ketchikan Correctional Center \$186.9 Lemon Creek Correctional Center \$589.9 Matanuska-Susitna Correctional Center \$285.4 Palmer Correctional Center \$903.1 Pt. Mackenzie Correctional Farm \$1,552.1 Spring Creek Correctional Center \$1,310.9 Inmate Transportation \$1,231.3 Wildwood Correctional Center \$156.5 Yukon-Kuskokwim Correctional Center	\$ 15,471.2	\$ -	\$ -	\$ -	\$ 15,471.2	- - -

5	5	1	2	24	Corrections (20)	Anchorage Correctional Complex (2713)	N	FndChg	Replace Federal Receipts with General Fund Authority for Anticipated Reduction of Federal Manday Bed Receipts	The Department of Corrections (DOC) continues to see a fluctuation in the number of federal mandays that are billed which impacts the amount of federal receipts collected annually. At this time, the department is experiencing a decline in the number of federal holds resulting in federal receipts being under collected by approximately \$7,960.0 in FY2024. This reduction in federal holds is based on the trends observed to-date which are currently anticipated to continue during this fiscal year.	\$ 7,960.0	\$ -	\$ -	\$ (7,960.0)	\$ -	-	-	
6	6	1	2	26	Corrections (20)	Pre-Trial Services (3131)	N	Suppl	Pre-Trial Services Contractual Obligations	Additional authority within the Pretrial Services (PTS) component is needed to meet the projected shortfall in contractual operating expenditures. This shortfall is primarily associated with the Behavioral Intervention (BI) contract due to the number of persons being placed on pretrial electronic monitoring, costs associated with the increases in the lost and damaged equipment, and to cover contractual services for Anchorage municipal placements. During FY2023, PTS operated and monitored 1,899 pieces of electronic monitoring equipment and as of 10/30/2023 there were 1,562 pieces of electronic monitoring equipment in operation and monitored. The electronic monitoring equipment used includes GPS (global positioning system) bracelets, RF (radio frequency) bracelets, and alcohol detecting devices and is determined by the court assignment for the defendant placed under PTS. PTS entered into contracts for Pretrial Services for defendants assigned to pretrial supervision by the Anchorage Municipal Courts within the Anchorage area as well as the City of Kodiak. These contracts are required to appropriately meet the supervision requirements of this population. The current statute does not differentiate between a municipal defendant or a state defendant placed onto PTS. (The daily rental rate of each piece of electronic monitoring equipment ranges from \$3.25 to \$8.55, depending on type of equipment and location within the State). Without this funding, persons would remain incarcerated resulting in increased costs throughout the institutions and physical health care.	\$ 4,568.0	\$ -	\$ -	\$ -	\$ 4,568.0	-	-	
7	7	1	2	28	Corrections (20)	Community Residential Centers (2244)	N	Suppl	Community Residential Center Bed Contractual Obligations	Additional authority within the Community Residential Centers (CRC) is necessary to meet the projected shortfall in expenditures due to utilization and Consumer Price Index (CPI) increases. The CRC beds assist the department in managing the offender population placed under the department's care and custody and provides a viable alternative to institutional "hard" beds allowing offenders to be monitored within the community. CRC beds are used as a means of transitioning offenders back into the community and house probation violators, furloughs, as well as confined placements. Furlough placements allow offenders to work in the communities and receive programming as needed. CRCs are also used for those offenders qualifying for electronic monitoring placement that do not have a primary or approved residence. The average monthly utilization counts at the beginning of FY2023 was 349 and the average monthly utilization counts at the beginning of FY2024 was 379. The average monthly utilization counts as of October 31, 2023 was 426. The Department is seeing increased rates through contract renegotiations due to economic conditions and inflation rates. Community Residential Center contract proposals are coming in at double the rate of the previous contracts. Without this funding, persons would remain incarcerated resulting in increased costs throughout the institutions and physical health care.	\$ 6,572.9	\$ -	\$ -	\$ -	\$ 6,572.9	-	-	
8	8	1	2	31	Corrections (20)	Electronic Monitoring (2431)	N	Suppl	Electronic Monitoring of Community Placements	Additional funding is necessary to meet the increased costs of Global Positioning System (GPS) electronic monitoring (EM) tracking of offenders placed into the program. This effort is intended to enhance public safety by utilizing available technology allowing the department to monitor an offender's location in real time while they transition back into the community. The EM program provides an alternative to incarceration and allows offenders that qualify to serve their sentence in a less restrictive setting at a lower cost freeing up institutional "hard" beds for more serious offenders. The average daily count for FY2023 was 192, for FY2024 is 212, and the daily count as of October 31, 2023 was 217. Without this funding, persons would remain incarcerated resulting in increased costs throughout the institutions and physical health care.	\$ -	\$ 375.0	\$ -	\$ -	\$ 375.0	-	-	
9	9	1	3	4	Corrections (20)	Physical Health Care (2952)	N	Suppl	Health Care Operational Needs	The Department of Corrections (DOC) is obligated to deliver essential medical care to incarcerated offenders. DOC is requesting additional funding for increased inmate health care costs that are directly related to fee-for-services delivery. Current challenges in the recruitment and retention of medical staff have increased the need for the use of fee-for-services contracts and the increases in fees are driving up the cost of medical services. Fee-for-service costs are generated when it is necessary to seek non-institutional medical treatment for an inmate. DOC promotes good relations with non-institutional health care providers by maintaining timely payments, abiding by contractual agreements, and avoiding incurring interest charges. Nonpayment could result in a lapse of medical services for inmates and ultimately increase the severity of health-related issues. Funding will allow the department to provide essential medical services to the persons placed under the DOCs care and custody and assists in avoiding litigation.	\$ 4,664.0	\$ -	\$ -	\$ -	\$ 4,664.0	-	-	
10	10	1	3	9	Educ & Early Devel (5)	Mt. Edgecumbe High School (1060)	N	Suppl	Rising Utilities Costs Due to Inflation	Mt. Edgecumbe High School (MEHS) serves approximately 400 high school students in a residential setting, providing a rigorous high school academic program. Over the last five years, from FY2019 through FY2023, the cost of the utilities for MEHS has increased by an average of \$90.1 annually.	\$ 90.1	\$ -	\$ -	\$ -	\$ 90.1	-	-	

Line	Backup Page	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
11	10	1	3	9	Educ & Early Devel (5)	Mt. Edgecumbe High School (1060)	N	FndChg	Replace Unavailable Interagency Receipt Authority for Teachers' Contracts to Support Operations	The Mt. Edgecumbe High School (MEHS) receives unrestricted general funds (UGF) for expenditures related to the residential side of the school. In addition, MEHS receives funds through the Foundation Program as interagency (I/A) receipts authority which covers expenditures related to the instructional side of the school. The foundation formula is set in AS 14.17.400 and determines the basic need total for MEHS. The I/A authority has increased for MEHS to allow for the opportunity for increased I/A collection from the Foundation Program for health insurance, PERS rate adjustment, salary increases, and cost of living adjustment. However, the I/A collection from the Foundation Program has remained relatively flat. A fund source change from I/A to UGF will allow MEHS to fund teachers' contract increases without having to impact the day-to-day operations of the school.	\$ 201.8	\$ -	\$ (201.8)	\$ -	\$ -	-	-	
12	10	1	3	9	Educ & Early Devel (5)	Mt. Edgecumbe High School (1060)	N	Suppl	Dorm Management and Food Service Support Due to Inflation	The Mt. Edgecumbe High School (MEHS) serves approximately 400 high school students in a residential setting, providing a rigorous high school academic program. Over the last five years, the cost of the food service and dorm management contracts for MEHS has increased an average of \$189.5 per year. In FY2019, the dorm and food contract totaled approximately \$2.3 million. For the current fiscal year, the contract costs is approximately \$3.2 million. The food contract facilitates participate in the National School Lunch Program, School Breakfast Program, Child and Adult Care Food Program and other child nutrition programs and serving students in ways that lead to a positive and healthy nutritional experience. The dorm contract provides management of four residential facilities, including student supervision, room assignments, and custodial services. Additionally, dorm management staff are responsible for the health, safety, and well-being of the students before and after the school day. This request will support students' health, safety, and well-being without impacting funding for academic programs and activities such as teachers, curricular materials, and extracurricular activities.	\$ 189.5	\$ -	\$ -	\$ -	\$ 189.5	-	-	
13	11	1	3	15	Family & Community Services (26)	Pioneer Homes (3323)	N	Suppl	Align Statutory Designated Program Receipts with Increasing Pharmacy Billings	Align statutory designated program receipt (SDPR) authority with anticipated revenues. With rising costs in pharmaceuticals and increased resident populations, the Alaska Pioneers Homes (AKPH) anticipate increased billings to private insurance from the AKPH Pharmacy Program. Aligning SDPR authority will allow the division to effectively manage the increased revenue in combination with authority carried forward from FY2023.	\$ -	\$ -	\$ 1,000.0	\$ -	\$ 1,000.0	-	-	
14	12	1	3	20	Fish and Game	SE Region Fisheries Mgmt. (2167)	N	Suppl	Add Authority for Pacific Salmon Commission Northern Fund Projects	Additional statutory designated program receipts authority is needed for the Pacific Salmon Commission Northern Fund projects. Program goals include development of improved information for resource management, rehabilitation and restoration of fish habitat, and enhancement of wild stock production.	\$ -	\$ -	\$ 300.0	\$ -	\$ 300.0	-	-	
15	13	1	3	22	Fish and Game	Statewide Fisheries Management (2171)	N	Suppl	Maintain Pathology Laboratory Services	Add authority to address inflation and maintain pathology laboratory services. The Fish Pathology Laboratory conducts disease screening and management, reviews finfish/shellfish transport permits, and hatchery inspections.	\$ 35.0	\$ -	\$ -	\$ -	\$ 35.0	-	-	
16	13	1	3	22	Fish and Game	Statewide Fisheries Management (2171)	N	Suppl	Align Authority for Commercial Fisheries Projects	Additional statutory designated program receipt authority is needed for the Kelp Genetics project.	\$ -	\$ -	\$ 100.0	\$ -	\$ 100.0	-	-	
17	14	1	3	25	Fish and Game	State Subsistence Research (2625)	N	Suppl	Support for Additional State Subsistence Research Projects	Due to an increase in Pittman-Roberts Wildlife Restoration Act funding, the State Subsistence Research unit has increased the number of collaborative projects with the Division of Wildlife Conservation and requests additional capital improvement project receipt authority to cover future projects.	\$ -	\$ -	\$ 210.0	\$ -	\$ 210.0	-	-	
18	15	1	3	31	Health (16)	Public Assistance Admin (233)	N	Suppl	Medicaid Eligibility: Postpartum Mothers (Ch16 SLA2023) (SB58)	Modifications to the Alaska's Resource for Integrated Eligibility Services (ARIES) information system are required to implement Senate Bill 58, Medicaid Eligibility: Postpartum Mothers, which the Alaska Legislature passed in 2023. The Division estimates a ninety percent federal share to reprogram ARIES. Based on consultation with the current contractor, the Division anticipates that four programmers and three testers, working 30 hours per week for eight months, will be required to complete the project, resulting in approximately 7,224 total hours at an average rate of \$200 per hour.	\$ 144.5	\$ -	\$ -	\$ 1,300.3	\$ 1,444.8	-	-	
19	16	1	4	3	Health (16)	Medicaid Services (3234)	N	Suppl	Medicaid Utilization and Inflation Due to the Public Health Emergency Wind Down	Per guidance issued by the U.S. Department of Health and Human Services, the department continues stepping down the COVID enhanced federal assistance percentage in FY2024 while utilization is still trending upward.	\$ 7,576.6	\$ -	\$ -	\$ -	\$ 7,576.6	-	-	

Line	Backup Page	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
20	17	1	4	9	Labor & Workforce (7)	Workforce Investment Board (2659)	N	Suppl	Support for Vocational Training Opportunities through the STEP Program	The FY2024 revenue projection for the State Training and Employment Program (STEP) was made available on January 3, 2024, and is higher than the current authority. The additional authority will allow for revenues collected to be utilized for employment and training grants given to entities for service to Alaskans. This request is authority only to expend revenues that are already being collected for their intended purpose and does not increase or change the amount of revenue collected.	\$ -	\$ 1,388.7	\$ -	\$ -	\$ 1,388.7	-	-	
21	18	1	4	12	Labor & Workforce (7)	WC Benefits Guaranty Fund (2820)	N	Suppl	Support for Workers' Compensation Benefits Guaranty Fund Claims	The Workers Compensation Benefits Guaranty Fund (WCBGF) was established in 2005 (Ch 10, FSSLA 2005). The fund is comprised of civil penalty payments made by employers who fail to provide workers compensation insurance (AS 23.30.080) under Alaska Workers' Compensation Act and is appropriated for claims against the fund by employees injured on the job without the protection of workers compensation insurance. At the end of FY2022, the WCBFG was swept, and the revenue collected was no longer available to support claims. Revenue in excess of collections will be needed to pay claims that may be awarded by the court in FY2024. Failure to pay the claims in a timely manner will result in a 25 percent penalty plus interest against the State of Alaska per statute. This request represents the highest possible shortfall based on revenue collections and potential claim settlements.	\$ 518.6	\$ -	\$ -	\$ -	\$ 518.6	-	-	
22	19	1	4	18	Natural Resources (10)	Facilities (2999)	N	Suppl	Fairbanks Denali Building Lease Renewal	The initial 10-year lease of the Division of Geological & Geophysical Surveys (DGGS)'s main office in Fairbanks began in 2003. After exhausting 10 one-year extensions, the lease ended on September 30, 2023. The Alaska Department of Transportation & Public Facilities (DOT&PF) began a search for alternative options in 2022 and concluded there were none suitable to accommodate the 70+ staff and associated server room needs. Existing state-owned buildings in Fairbanks are at full capacity and unable to house DGGS staff, equipment, library, and rock samples. The monthly lease rate at the beginning and end of the previous contract in 2003 and 2022 was \$6,125 and \$13,414, respectively. By agreeing to a 10-year lease in 2003 with 10 one-year extensions, the state saved millions of dollars relative to paying for current square footage rates over that same period. The new DOT&PF-negotiated monthly rate is 22,064 square feet x \$2.79 per square foot. This equates to \$61,558 per month. By signing another 10-year contract (with options for a 10-year extension) at current lease-space rates, we anticipate that the State of Alaska will see similar long-term savings.	\$ 433.0	\$ -	\$ -	\$ -	\$ 433.0	-	-	
23	20	1	4	21	Natural Resources (10)	Fire Suppression Preparedness (2705)	N	Suppl	Fire Aviation Contract Renewal Cost Increases	Aviation asset costs have increased based on recent contract renewals. These tankers and helicopters are important for initial attack of fires and are essential for preventing large fires costing potentially millions of dollars. The Division of Forestry & Fire Protection (DOF) asks for supplemental funding to cover the additional costs for the remainder of the fiscal year. DOF contracts two Type 2 air tankers via a seven-year fixed-rate contract with Conair of Abbotsford B.C. One tanker is in Fairbanks and the other is in Palmer. The contract is for 100 days of coverage during the peak of the fire season. The contract was renewed on January 1, 2023, and the cost has increased due to a transition from using Convair 580 to a Dash 8 Q400, which increased the daily rate from \$14,100 to \$23,500. Helicopter costs have also gone up due to the reduced availability of firefighting pilots and aircraft. DOF worked closely with procurement to ensure the best value for the state. As a cost saving measure, the contract concluded with two light Type 3 helicopters (A-Star) instead of one medium, Type 2 helicopter (Bell-212), which saved \$8,000 per day of use.	\$ 1,390.0	\$ -	\$ -	\$ -	\$ 1,390.0	-	-	

Line	Backup Page	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
24	21	1	4	23	Natural Resources (10)	Fire Suppression Activity (2706)	N	Suppl	FY2024 Initial Fire Season Costs (Declaration)	Wildland Fire Suppression Statute Authority: Under AS 41.15.010 – 41.15.170 the Alaska Division of Forestry & Fire Protection (DOF) protects the lives, property and resources of Alaskans on over 150 million acres of state, municipal, and private land. Additionally, through cooperative agreements and the Alaska Interagency Wildland Fire Management Plan, DOF protects federal, Bureau of Indian Affairs Trust, and Native lands. General Fund Emergency Declaration Increase: Limited general fund authority for wildland firefighting has been authorized with the intent that additional authorization for wildland fire suppression efforts, including high complexity Type I and II project fires would be obtained through the declaration process. This request provides the initial estimate of general funds required for FY2024 fire season expenditures. Anticipated invoices and obligations exceeded the base operating unrestricted general fund appropriation of \$13,641.0. The FY2024 emergency declaration includes the costs of prepositioning firefighting resources to areas of high fire danger, fire suppression costs, importing aviation resources and vendor contracts for wildfire incidents through August 30, 2023. Although the fire season had a slow start during the summer of 2023 (FY2023), Interior Alaska was abnormally dry. The last week of July produced high temperatures and over 40,000 ground strikes struck the Interior causing 115 ignitions. Many of the fires that occurred in the initial FY2024 fire season were within the 90.2 million acres of land in State of Alaska's jurisdiction and fiscal responsibility. Areas of fire concern are the Central and Eastern Interior, the Yukon Flats, Tanana Valley, and Copper River Basin. On August 9, 2023, the Division of Forestry & Fire Protection was approved for the Lost Horse Creek incident as a Fire Management Assistance Grants fire. Below were the most significant wildfires in state fiscal responsibility during FY2024: •Anderson Complex: 50,830 acres, Anderson-Clear area. (250 personnel) •Pogo Mine Road: 42,000 acres, 9 miles down Pogo Road. (32 personnel) •McCoy Creek: 13,402 acres, River mile 29, Salcha River (154 personnel) •Lost Horse Creek: 8,924 acres, 3.5 miles east of Mile 18 Elliot Highway. (238 personnel)	\$ 61,000.0	\$ -	\$ -	\$ -	\$ 61,000.0	-	-	
25	21	1	4	23	Natural Resources (10)	Fire Suppression Activity (2706)	N	Suppl	Supplemental Fire Activity July - December 2023	Wildland Fire Suppression Statute Authority: Under AS 41.15.010 - 41.15.170 the Alaska Division of Forestry & Fire Protection (DOF) protects the lives, property, and resources of Alaskans on over 150 million acres of state, municipal, and private land. Additionally, through cooperative agreements and the Alaska Interagency Wildland Fire Management Plan, DOF protects federal, Bureau of Indian Affairs Trust and Native lands. This request provides the current estimate of general funds required for FY2024, fire season 2023. The declaration covers financial obligations that extend beyond the previous estimate given through August 30, 2023. An analysis conducted in late November determined estimated amounts for the FY2024 initial fire season based on estimated billings collected from each cooperating agency. This declaration includes the costs of pre-positioning firefighting resources to areas of high fire danger, fire suppression costs and vendor contracts for wildfire incidents through December 31, 2023.	\$ 26,000.0	\$ -	\$ -	\$ -	\$ 26,000.0	-	-	
26	22	1	4	23	Natural Resources (10)	Fire Suppression Activity (2706)	N	Suppl	Fire Activity Projection January - June 2024	Wildland Fire Suppression Statute Authority: Under AS 41.15.010 – 41.15.170 the Alaska Division of Forestry & Fire Protection (DOF) protects the lives, property and resources of Alaskans on over 150 million acres of state, municipal, and private land. Additionally, through cooperative agreements and the Alaska Interagency Wildland Fire Management Plan, DOF protects federal, Bureau of Indian Affairs Trust, and Native lands. This supplemental request provides the current estimate of general funds required through June 30, 2024. This request includes the estimated spring start-up costs associated with prepositioning firefighting resources to areas of high fire danger, fire suppression costs and vendor contracts for wildfire incidents from January 1 through June 30, 2024.	\$ 7,000.0	\$ -	\$ -	\$ -	\$ 7,000.0	-	-	
27	23	1	4	28	Public Safety (12)	Rural Trooper Housing (515)	N	Suppl	Address Increasing Lease and Utility Costs for Rural Trooper Housing	The department is facing inflationary cost increases in utilities and rent for its rural trooper housing units. Between FY2021 and FY2023, overall electricity costs rose from \$166.0 to \$237.1, water and sewage costs rose from \$80.6 to \$88.4, and heating oil costs rose from \$184.8 to \$324.8. The total increase in utilities costs was \$218.9 and the total increase in lease costs was \$171.1. An FY2023 appropriation for rural trooper housing leases will cover new lease cost for a 14-plex building in Nome and rising costs for an emergency lease extension for a 10-unit complex in Kotzebue but did not address rising costs of rent and utilities throughout the state. This funding will align with actual and projected costs for electricity, water, sewage, heating oil, and leases for rural trooper housing facilities throughout Alaska.	\$ 390.0	\$ -	\$ -	\$ -	\$ 390.0	-	-	

Line	Backup Page	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
28	24	1	4	29	Public Safety (12)	AST Detachments (2325)	N	Suppl	Retention Initiative in Compliance with Tax Cuts and Jobs Act of 2017	Article 12 within the bargaining agreement between the State and the Public Safety Employees Association (PSEA) addresses assignments and transfers for its members, including transfers through a formal bid process or involuntary transfers. It is the obligation of the State to place enforcement personnel throughout the state to ensure public safety services are provided to the public. Therefore, remote transfers for a maximum assignment period of time are defined within the bargaining agreement as class 1 remote, class 2 remote, and remote alternative work period assignment. After members have fulfilled their maximum assignment period, they may request a transfer to an urban area. The department moves trooper and supervisory union command employees into and out of State-provided housing. Costs such as airfare, temporary lodging, and the packing and shipping of household goods are covered by the State. The Tax Cuts and Jobs Act of 2017 required that moving reimbursements or payments associated with moves and relocation of employees be taxable. The result is that employee W-2's reflects move-related payments and reimbursements as taxable income. Moving to rural areas of Alaska can be extremely costly, upwards of \$60.0 to move an employee and their family, resulting in a significant tax burden for a move that is a condition of employment. The department considers this tax burden on employees as a major recruitment and retention disincentive. Since 2017, the State has entered into Letters of Agreement with the PSEA and Alaska Public Employees Association Supervisory Unit unions to allow the State to incur any taxes associated with moving payments and reimbursements through a move tax gross up transaction that eliminates this tax liability from the employee and ensures that employees have no additional out-of-pocket expenses related to their moves. Letters of Agreements require that departments have sufficient budgetary authority. This request provides sufficient authority to demonstrate to current and prospective employees (primarily troopers) that the department will eliminate the tax burden related to moves for its employees.	\$ 500.0	\$ -	\$ -	\$ -	\$ 500.0	-	-	
29	24	1	4	29	Public Safety (12)	AST Detachments (2325)	N	Suppl	Address Increasing Lease and Utility Costs for Alaska State Trooper Facilities	The department is facing inflationary cost increases for utilities and rent. Between FY2021 and FY2023, electricity costs rose from \$296.9 to \$346.8, natural gas costs rose from \$13.2 to \$32.2, and heating oil costs rose from \$72.9 to \$134.2. Lease costs increased by \$134.8. This funding will align the department's budget with projected costs for electricity, natural gas, heating oil and leases for facilities throughout Alaska.	\$ 265.0	\$ -	\$ -	\$ -	\$ 265.0	-	-	
30	25	1	4	31	Public Safety (12)	Alaska Bureau of Investigation (2744)	N	Suppl	Implement Compensation Study Recommendations for Forensic Scientist 1/2/3 Job Class Series	The department contracted for a compensation study for the Forensic Scientist 1/2/3 job class series, which resulted in wage and benefit increases that the Department of Administration implemented on January 22, 2024. The request adjusted the salary ranges for Forensic Scientist job classes within the Alaska Bureau of Investigation and the Alaska Statewide Crime Detection Laboratory. The study increases compensation for Forensic Scientists staffed in the Alaska Bureau of Investigation's digital forensic lab as follows: Two Forensic Scientist – Physical 1 (GP) PCNs will increase from range 15 to range 18, at an estimated annual cost increase of \$36.6. One Forensic Scientist – Physical 2 (GP) PCN will increase from range 17 to range 20 at estimated annual cost increase of \$20.9. One Forensic Scientist – Physical 3 (GP) PCN will increase from range 19 to range 22 at estimated annual cost increase of \$28.7. There is insufficient authority within the Alaska State Troopers Results Delivery Unit budget to absorb this increase. The Alaska criminal justice system depends on the digital forensic lab to provide computer and mobile forensics for crimes such as murder, assault, sexual assault, sexual abuse of minors, human trafficking, child exploitation, and high-dollar financial crimes. Forensic Scientists testify in court to their findings and are required to adhere to internal quality control measures as well as those set by national standards for digital forensics.	\$ 39.8	\$ -	\$ -	\$ -	\$ 39.8	-	-	
31	26	1	4	33	Public Safety (12)	Aircraft Section (2537)	N	Suppl	Rising Costs of Aviation Fuel	In fiscal year 2024 to date, the monthly aviation fuel costs have averaged \$126.9 per month, which is projected to result in an annual estimated cost of \$1,522.6. FY2023 fuel costs were \$1,165.8. Contributing factors to the cost increase include fuel prices and increases in department flight hours. In FY2024, aviation fuel has averaged \$7.34/gallon compared to FY2024, when fuel costs averaged \$6.68/gallon. A comparison of pilot hours for the time-period from October to July 2023 and October to July 2024, showed a 24 percent increase (+607.1 hours) and a 23 percent increase in aircraft hours (+526.5).	\$ 400.0	\$ -	\$ -	\$ -	\$ 400.0	-	-

32	27	1	5	3	Public Safety (12)	Alaska Wildlife Troopers (2746)	N	Suppl	Retention Initiative in Compliance with Tax Cuts and Jobs Act of 2017	<p>Article 12 within the bargaining agreement between the State and the Public Safety Employees Association (PSEA) addresses assignments and transfers for its members, including transfers through a formal bid process or involuntary transfers. It is the obligation of the State to place enforcement personnel throughout the state to ensure public safety services are provided to the public. Therefore, remote transfers for a maximum assignment period of time are defined within the bargaining agreement as class 1 remote, class 2 remote, and remote alternative work period assignment. After members have fulfilled their maximum assignment period, they may request a transfer to an urban area.</p> <p>The department moves trooper and supervisory union command employees into and out of State-provided housing. Costs such as airfare, temporary lodging, and the packing and shipping of household goods are covered by the State.</p> <p>The Tax Cuts and Jobs Act of 2017 required that moving reimbursements or payments associated with moves and relocation of employees be taxable. The result is that employee W-2's reflects move-related payments and reimbursements as taxable income. Moving to rural areas of Alaska can be extremely costly, upwards of \$60.0 to move an employee and their family, resulting in a significant tax burden for a move that is a condition of employment.</p> <p>The department considers this tax burden on employees as a major recruitment and retention disincentive.</p> <p>Since 2017, the State has entered into Letters of Agreement with the PSEA and Alaska Public Employees Association Supervisory Unit unions to allow the State to incur any taxes associated with moving payments and reimbursements through a move tax gross up transaction that eliminates this tax liability from the employee and ensures that employees have no additional out-of-pocket expenses related to their moves.</p> <p>Letters of Agreements require that departments have sufficient budgetary authority. This request provides sufficient authority to demonstrate to current and prospective employees (primarily troopers) that the department will eliminate the tax burden related to moves for its employees.</p>	\$ 37.5	\$ -	\$ -	\$ -	\$ 37.5	-	-	
33	28	1	5	5	Public Safety (12)	Training Academy (524)	N	Suppl	Address Rising Training Academy Instructor Overtime and Services Costs	<p>The Alaska Law Enforcement Training Academy provides a 17-week academy for Alaska State Trooper and other law enforcement agencies. Instructors must give equal opportunity to all recruits to obtain all aspects of the training they need to graduate in this consolidated timeframe. This translates to increased overtime costs for academy staff. FY2024 general fund authority for personal services is \$2,223.8 and FY2023 actual personal services costs were \$2,317.6, which results in a personal services cost overage of \$93.8. In most years, approximately 55 recruits are trained at the academy. The department anticipates a need to increase personal services authority by \$150.0.</p> <p>The Training Academy has also seen cost increases in food and utilities. Between FY2021 and FY2023, food costs increased by \$190.0 and costs for telephone, water, sewage, disposal, gas, and heating oil increased by \$36.4. The department anticipates a need for an increase in services authority of \$40.0.</p> <p>This funding will align authority with actual costs related to instructor overtime and contractual services.</p>	\$ 190.0	\$ -	\$ -	\$ -	\$ 190.0	-	-

34	29	1	5	6	Public Safety (12)	Laboratory Services (527)	N	Suppl	Implement Compensation Study Recommendations for Forensic Scientist 1/2/3 Job Class Series	The department contracted for a compensation study for the Forensic Scientist 1/2/3 job class series, which resulted in wage and benefit increases that the Department of Administration implemented on January 22, 2024. The request adjusted the salary ranges for Forensic Scientist – Chemistry and Forensic Scientist – DNA job classes. The study adjusts compensation as follows: Job Classification Current Range New Range Forensic Scientist 11518 Forensic Scientist 21720 Forensic Scientist 31922 Forensic Scientist 42125 Supervisory Unit bargaining unit agreement Article 24.11 addresses situations when an employee's subordinates are paid at a higher salary range and provides for the supervisor's salary to be increased one range at the same step, prior to the adjustment. While the increase would be at the discretion of the director, the incumbents likely will request a supervisory differential through their union. Job Classification Current Range New Range Forensic Science Lab Administrator 22324 Forensic Science Lab Administrator 12223 DNA Tech Manager 2223 The total estimated cost increase is \$31.7 per pay period in FY2024. Based on the Department of Administration implementation date of January 22, 2024, it is estimated that salaries would increase for twelve pay periods during FY2024, at a cost of approximately \$380.5. There is not sufficient authority within the Statewide Support Results Delivery Unit budget to absorb this increase. The Alaska criminal justice system depends on the Alaska Statewide Crime Detection Laboratory for the processing and tracking of sexual assault kits, analysis, and entry into the national database of DNA samples, training for stakeholders within the criminal justice system, fingerprint detection and searches against the Automated Biometric Identification System, and much more. This request supports wage increases that have already been implemented for thirty-two Forensic Scientists and a one-range supervisory differential increase for four managers.	\$ 380.5	\$ -	\$ -	\$ -	\$ 380.5	-	-	
35	30	1	5	11	Revenue (4)	Child Support Enforcement (111)	N	Suppl	Child Support Enforcement Specialist Class Study Results	The Division of Personnel and Labor Relations approved a salary grade alignment for the Child Support Specialist job class with implementation occurring in late December 2023. The alignment resulted in a two-range increase to 107 Specialist positions. Personal services authority is needed for the cost increase in the second half of FY2024.	\$ 208.1	\$ -	\$ -	\$ 386.6	\$ 594.7	-	-	
36	31	1	5	17	Transportation (25)	Northern Region Facilities (2069)	N	Suppl	Utzqiagvik Airport Facility Maintenance and Operations	A new Maintenance and Operations Facility has been built at Utzqiagvik Airport to support airport maintenance operations. The Department of Transportation and Public Facilities moved into the new facility and is working on plans to divest from the old facility, which is expected to take eight to 10 months. Until this process is complete, the department will be supporting the maintenance of two buildings. This additional expenditure, primarily for the old facilities' utility costs, will create a shortfall in FY2024 without supplemental funding. Northern Region is requesting an additional \$174.0 of rural airport leasing receipt authority to pay for the second building until it can be fully divested.	\$ -	\$ -	\$ 174.0	\$ -	\$ 174.0	-	-	
37	32	1	5	18	Transportation (25)	Traffic Signal Management (565)	N	Suppl	Increase to Cover Transfer of Responsibility Agreement (TORA)	The Traffic Signal Management component requires an increase in budget authorization to fully fund the Transfer of Responsibility Agreement (TORA). The agreement with the Municipality of Anchorage is for the operation and maintenance of the State-owned traffic signal system and associated items within the Anchorage area.	\$ 479.8	\$ -	\$ -	\$ -	\$ 479.8	-	-	
38	33	1	5	19	Transportation (25)	Central Highways and Aviation (564)	N	Suppl	Central Region 2023 Snow Events	In November 2023, Central Region experienced an unprecedented winter weather event consisting of record-breaking snowfall, intermittent rain, and winds. This event led to hazardous driving conditions, with deep snow and severe ice ruts. To address these challenges, maintenance crews have been required to work extensive overtime for snow removal. To date, expenses related to winter weather events have reached \$1.2 million. Winter is ongoing and snow removal efforts will continue. An increase to the budget is necessary to perform snow haul activities for the remaining winter months. Without an increase to the budget to cover these costs, there will be a system-wide reduction in overall service levels for highways and airports. This is a one-time item.	\$ 1,175.6	\$ -	\$ -	\$ -	\$ 1,175.6	-	-	

Line	Backup Page	Bill Section	Bill Page	Bill Line	Department	Component	Language	Trans Type	Change Record Title	Description	UGF Amount	DGF Amount	Other Amount	Fed Amount	Total Amount	PFT	PPT	NP
39	34	1	5	21	Transportation (25)	Northern Highways & Aviation (2068)	N	Suppl	Wiseman Creek Bridge Deck Repairs	The community of Wiseman has requested the department replace the bridge deck on the Wiseman Creek Bridge. The current bridge decking is estimated to have been installed prior to 1998 and is in need of replacement to maintain the safety of the crossing for the community of Wiseman. Other items of work include minor vegetation removal around abutments and cleaning dirt from the bearing in an effort to perform necessary maintenance while crews are present.								
										The Northern Region bridge crew can accommodate the repair work into their schedule, but the region is not able to absorb this cost with existing budget authority.	\$ 81.6	\$ -	\$ -	\$ -	\$ 81.6	-	-	-
40	34	1	5	21	Transportation (25)	Northern Highways & Aviation (2068)	N	Suppl	Steele Creek Drainage Repairs	The department is requesting additional funding to address an ongoing annual icing/overflow issue on Steele Creek Road, a department-maintained roadway. Frozen culverts cause water to divert overtop the roadway during the wintertime, causing unsafe road conditions. Maintenance and Operations staff expend approximately \$30.0 to \$40.0 to address this overflow issue each year.								
										The installation of thaw wire will help improve continuous flow at this location through winter, reduce the accumulation of thick ice on the roadway, and reduce labor hours for the department to manually thaw this location.	\$ 99.5	\$ -	\$ -	\$ -	\$ 99.5	-	-	-
41	34	1	5	21	Transportation (25)	Northern Highways & Aviation (2068)	N	Suppl	Kiana Material Site Work	Northern Region signed a memorandum of agreement (MOA) with the Kiana Traditional Council for production drilling and blasting at the local materials site in Kiana. The improvements to the highwall on site were performed by a contractor. Now that work is complete, the site can be fully utilized for further material production for ongoing work in the area. At times Northern Region will need material for the airport runway and this is the only materials site available.								
										There was insufficient funding to cover the entirety of the MOA in FY2023, so the final payment for work performed was paid with FY2024 operating budget authority.	\$ 245.6	\$ -	\$ -	\$ -	\$ 245.6	-	-	-
42	34	1	5	21	Transportation (25)	Northern Highways & Aviation (2068)	N	Suppl	Fairbanks Area Winter Maintenance Contracts	With ongoing recruitment and retention challenges in the Fairbanks District, Northern Region is requesting \$350.0 for a contract award for as-needed winter snow plowing and sanding services in the Fairbanks area.								
										This will increase winter maintenance service delivery and shorten the time it takes to restore roads to target conditions and provide a level of service comparable to the prior winter. This contracting allows for State equipment operators to focus on priority 1 and 2 routes while allowing the contractor to respond to priority 3 and 4 routes. Overall, using a contractor will increase response times to these priority 3 and 4 roadways and allow Department of Transportation and Public Facilities staff to prioritize other routes to increase service delivery times to all routes in the Fairbanks area.	\$ 350.0	\$ -	\$ -	\$ -	\$ 350.0	-	-	-
43	35	1	5	21	Transportation (25)	Northern Highways & Aviation (2068)	N	Suppl	Alaska Railroad Crossing Repairs	The Statewide Maintenance Agreement between Department of Transportation and Public Facilities Highways and Aviation and the Alaska Railroad (ARR) addresses the scope and cost of maintenance for specific railroad crossings. As part of this agreement, the department is responsible for crossing upgrades and replacements for all crossings identified in the agreement.								
										ARR will be upgrading Parks Highway 235 and the Hurricane Crossing, which includes two new generators in each location and reconstruction of the Sheep Creek Crossing. The estimated cost for work at all three crossings is \$278.4. The Northern Region is not able to absorb this cost with existing budget authority.	\$ 278.4	\$ -	\$ -	\$ -	\$ 278.4	-	-	-
44	36	1	5	23	Transportation (25)	Southcoast Highways & Aviation (603)	N	FndChg	Sitka Airport Operations	The Sitka Airport has been designated an emergency divert airport and has been available to handle any aircraft that needed to emergency divert to a closer airport. Due to changes in aircraft, the Alaska International Airport System airlines no longer need Sitka as an emergency divert location. Beginning in FY2024, they will not provide a subsidy for Sitka Airport operations.								
										Despite eliminating the divert operations, funding is still needed to maintain current service levels based on current airline schedules and the type of aircraft landing that require Aircraft Rescue and Fire Fighting services.	\$ 350.0	\$ -	\$ (350.0)	\$ -	\$ -	-	-	-
45	37	1	5	25	Transportation (25)	Whittier Access and Tunnel (2510)	N	Suppl	Reduced Federal Share	In FY2023, the Federal Highway Administration (FHWA) conducted a comprehensive review of the Anton Anderson Memorial Tunnel maintenance project contract, resulting in a determination that federal participation would only cover 51 percent of the monthly billed contract work. This adjustment necessitates the allocation of FY2024 operating funds to cover the remaining 49 percent of costs, estimated at approximately \$239.5 per month.								
										The absence of increased funding in FY2024 poses a significant challenge to the existing operating budget, potentially leading to reductions in road and highway maintenance, which could have a negative impact on the traveling public.	\$ 2,875.0	\$ -	\$ -	\$ -	\$ 2,875.0	-	-	-
46	38	1	5	28	Transportation (25)	International Airport Systems (1649)	N	Suppl	Operational Software Support	Efficient airport operations rely on various software systems to serve customers seamlessly and optimize staff productivity. These systems include leasing and accounting management, gate and aircraft parking management, flight information displays, and passenger processing. While the Alaska International Airport System has a multi-year contract for these systems, the budget authorization has remained unchanged throughout the contract period, making it unsustainable. Additionally, several of these system contracts are set to expire in FY2024, necessitating new bids and anticipated increases in budget authorization. The requested additional funding is vital for the component to fulfill existing and future contract obligations.	\$ -	\$ -	\$ 458.0	\$ -	\$ 458.0	-	-	-
47	38	1	5	28	Transportation (25)	International Airport Systems (1649)	N	Suppl	Financial and Auditing Assistance and Statistical Report Writing	The Alaska International Airport System (AIAS) has faced challenges related to staff training in lease agreement and accounting management, inventory management of AIAS assets, financial and statistical reporting requirements, and audit planning and procedures. High staff turnover and understaffing have prompted AIAS to seek external expertise to review and ensure compliance with Federal Administrative grant assurances and bond covenants. This has led to a multi-year contract aimed at addressing these issues, providing support to airport staff, enhancing transparency for stakeholders, and ensuring consistency across the system. The requested additional funding is essential for meeting current and future contract obligations.	\$ -	\$ -	\$ 878.0	\$ -	\$ 878.0	-	-	-

After the appropriations made in secs. 59(c) - (e), ch. 1, FSSLA 2023, the unexpended and unobligated balance of any appropriation that is determined to be available for lapse at the end of the fiscal year ending June 30, 2024, not to exceed \$5,000,000, is appropriated to the Office of the Governor, office of management and budget, to support the cost of central services agencies that provide services under AS 37.07.080(e)(2) in the fiscal years ending June 30, 2024, and June 30, 2025, if collectable receipts from approved central services cost allocation methods under AS 37.07.080(e)(2)(B) fall short of the amounts appropriated in this Act.	\$ -	\$ -	\$ -	\$ -	\$ -	-	-	
95	72	13	19	26	University of Alaska (45)	Systemwide Reduction/Additions (1296)	Y	Suppl	University of Alaska Economic Development Funding Extension (FY23-FY26)	The University of Alaska's Economic Development Projects funded by this appropriation are making measurable and substantial progress; however, the University of Alaska anticipates that several will have a funding balance at the end of FY2024. Extending this multiyear appropriation through FY2026 will allow all projects to be completed within the original funded amounts. Extension Justifications Critical Minerals and Rare Earth Elements Funding has been used for critical mineral research projects and to build research capacity by renovating laboratory space, purchasing major lab instruments, and engaging with the mining industry. Components of this research depend on Alaska's short summer field seasons. An extension of these funds will allow completion of the lab renovations, completion of an additional field season and the continuation of research initiatives. Heavy Oil Recovery Research and Development Funding has been used for renovating the heavy oil laboratory space, purchasing additional lab equipment and successfully developing heavy oil recovery methods in the lab environment. The University of Alaska Fairbanks has been coordinating with industry partners to design a field test of the technology. An extension of these funds will allow for field deployment of the technology in the coming year. Mariculture Feedback from our project partners indicates that the projects and research outcomes would derive significant benefits by extending the timeline of mariculture funding. This would allow us to take advantage of an additional grow-out and harvest cycle while increasing the potential for the commercialization and economic impact of the research. Section 74, ch. 11, SLA 2022, is amended to read: Sec. 74. UNIVERSITY OF ALASKA. The sum of \$29,800,000 is appropriated from the general fund to the University of Alaska for responding to the negative economic impacts of COVID-19 for the fiscal years ending June 30, 2023, [AND] June 30, 2024, June 30, 2025, and June 30, 2026, for the following purposes and in the following amounts: PURPOSE AMOUNT (1) University of Alaska drone program \$10,000,000 (2) Critical minerals and rare earth elements research and development \$7,800,000 (3) Heavy oil recovery method research and development \$5,000,000 (4) Mariculture research and development \$7,000,000	\$ -	\$ -	\$ -	\$ -	\$ -	-	-	
96	73	14	20	9	State Retirement Payments (57)	EPORS (3125)	Y	Suppl	EPORS Post Retirement Pension Adjustment Recalculation	The Elected Public Officials Retirement Systems (EPORS) is a closed (adding no new beneficiaries) retirement system. The 5% COLA increase in FY2024 for exempt and partially-exempt positions impacted the Post Retirement Pension Adjustment (PRPA) calculations to determine how much the EPORS beneficiaries receive, and this recalculation requires additional funding to cover the increase in payments to these beneficiaries. The total estimate for FY2025 is \$1,340,000. The Division of Retirement & Benefits (DRB) is determining the effective date for FY2024, which impacts the FY2024 payment, and currently estimates that amount to be \$375,000. The sum of \$375,000 is appropriated from the general fund to the Department of Administration to pay benefit payments to eligible members and survivors of eligible members earned under the elected public officers' retirement system for the fiscal year ending June 30, 2024.	\$ 375.0	\$ -	\$ -	\$ -	\$ 375.0	-	-
