FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

BILL NO. SB 206

Analysis

This legislation develops a stay-at-work program to assist with the retention of injured workers in the workplace and speed up the process of recovery after a workplace injury. The program will enable injured workers to continue working with modified duties as they recover, instead of undergoing an eligibility evaluation for reemployment benefits. This voluntary program will require the participation of the employee, employer, and attending physician.

To carry out this program, the Division would add a Vocational Rehabilitation Counselor 3, range 19, who would coordinate and facilitate stay-at-work planning beginning on January 2, 2025.
