## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2024 LEGISLATIVE SESSION

BILL NO. SB195

### Analysis

This bill expands the powers and duties of the Office and Management and Budget (OMB) director, by requiring the director to advise the governor on matters related to the improvement of business processes and increasing accountability; collecting and analyzing data related to state agency performance; publishing information on the status of strategic and performance plans and other State agencies activities on the Office of the Governor's website.

This bill amends the functions and duties of OMB to include: working with State agencies to increase agencies' responsiveness and improve customer service; review procedures and regulations of State agencies in order to improve efficiency and effectiveness; promote the use of process improvement strategies; support the implementation of cost optimization strategies; assist State agencies in implementing legislative audit recommendations for the purpose of eliminating duplication, fraud, and waste; provide accurate and timely data on the efficacy and cost-effectiveness of services; coordinate with and advise agencies in the development of strategic and performance plans; track and assess progress of agencies in completing strategic and performance plans; and provide a forum to exchange ideas for continuously improving government services.

This bill also adds a new section directing state agencies to cooperate with and provide prompt responses to inquiries by the OMB director; provide the information requested by the OMB director as it relates to the functions and duties of OMB; and requiring State agencies to make their commissioner or agency lead available for consultation with OMB.

This bill also adds definitions of "performance" and "state agency."

This bill takes effect January 1, 2025.

Many of the provisions outlined in the bill are currently being done in consultation and at the direction of OMB. This legislation can be implemented utilizing existing staff; therefore, a zero fiscal note is submitted.
