Subject: HB 174

Dear Rep. Delana Johnson Co-Chair w/ Rep. Edgmon & Rep Foster and Committee Members, This is Harry and Jean Holt from Palmer, AK. We are not affiliated with any group just concerned Alaskans.

We are in full support of HB 174.

We need this bill to protect our monies and not be wrapped up with all the political rhetoric of possible mandatory investments going on with citizen's retirement plans. We need to maintain our Fiscal State of Affairs for Alaska.

Unfortunately, we need another bill that makes our legislators have a Balance Budget and Full Statutory PFD. HB 174 addresses part of the equation necessary with common sense for Alaska's investments to protect. Please consider a Yes vote for HB 174.

Sincerely,

Harry and Jean Holt
