Re: Senate Bill 190 - An act relating to big game hunts for persons with physical disabilities

Position: Support

Date: January 29, 2024

Chair Revak and Senate Resource Committee Members,

Thank you for taking time to hear Senate Bill 190 – relating to big game hunts for persons with physical disabilities. We are writing to request a vote approving this bill allowing it to be moved forward. Allowing the board to create big game hunting seasons for persons with physical disabilities will grant improved access to the outdoors while also creating a quality hunt opportunity for individuals with those needs. This rule is in line with ADFG's current season setting procedures and would be a great step towards making the outdoors accessible for hunters of all ability levels. We appreciate your careful consideration and hope you will join us in support of Senate Bill 190.

Sincerely,

Marie Neumiller
