**Summary of Changes from version A to version S  
Senate Bill 85 – Perm Fund; Employment; Eligibility**

In version S, section 1 of version A was deleted and combined to version A section 2, with new language providing for background checks to AS 12.62.400 subsection (c) instead of AS 12.62.400 (a). This is conforming changes from Legislative Legal.

Section 2 of version S was renumbered and now contains language from version A section 4, which deals with breaks or holidays from secondary or post-secondary education.

In section 2 of version S, the term “sea engineer” found in version A is removed.

New addition to section 2 in version S which extended the allowable absence of continuous medical care to 180 days, in addition to the normal amount of time an applicant may be absent from the state.

The final change in version S is section 3, previous version A section 5, which adds “qualifications” in addition to “suitability” for prospective administrators withing the Permanent Fund Dividend Division.
