

House Finance Subcommittee

Spill Prevention & Response Overview

Teresa Melville, Acting Director
February 20, 2024

SPAR's Mission

The Division of Spill Prevention and Response (SPAR) prevents spills of oil and hazardous substances, prepares for when a spill occurs, and responds rapidly to protect human health and the environment.

Contaminated Sites

Protect human health and the environment by identifying, overseeing, and conducting timely, science based, and defensible characterization, clean up, redevelopment, and management of contaminated sites.

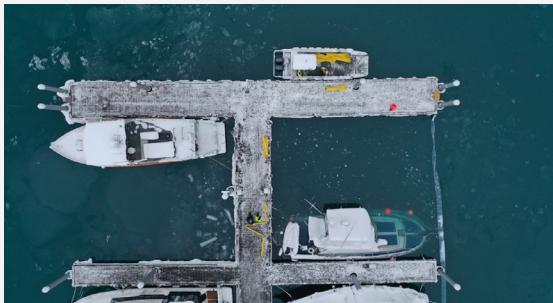

Prevention Preparedness and Response

The Prevention Preparedness and Response Program protects public health, safety, and the environment by preventing and mitigating the effects of oil and hazardous substance releases and ensuring their cleanup.

Response Fund Administration

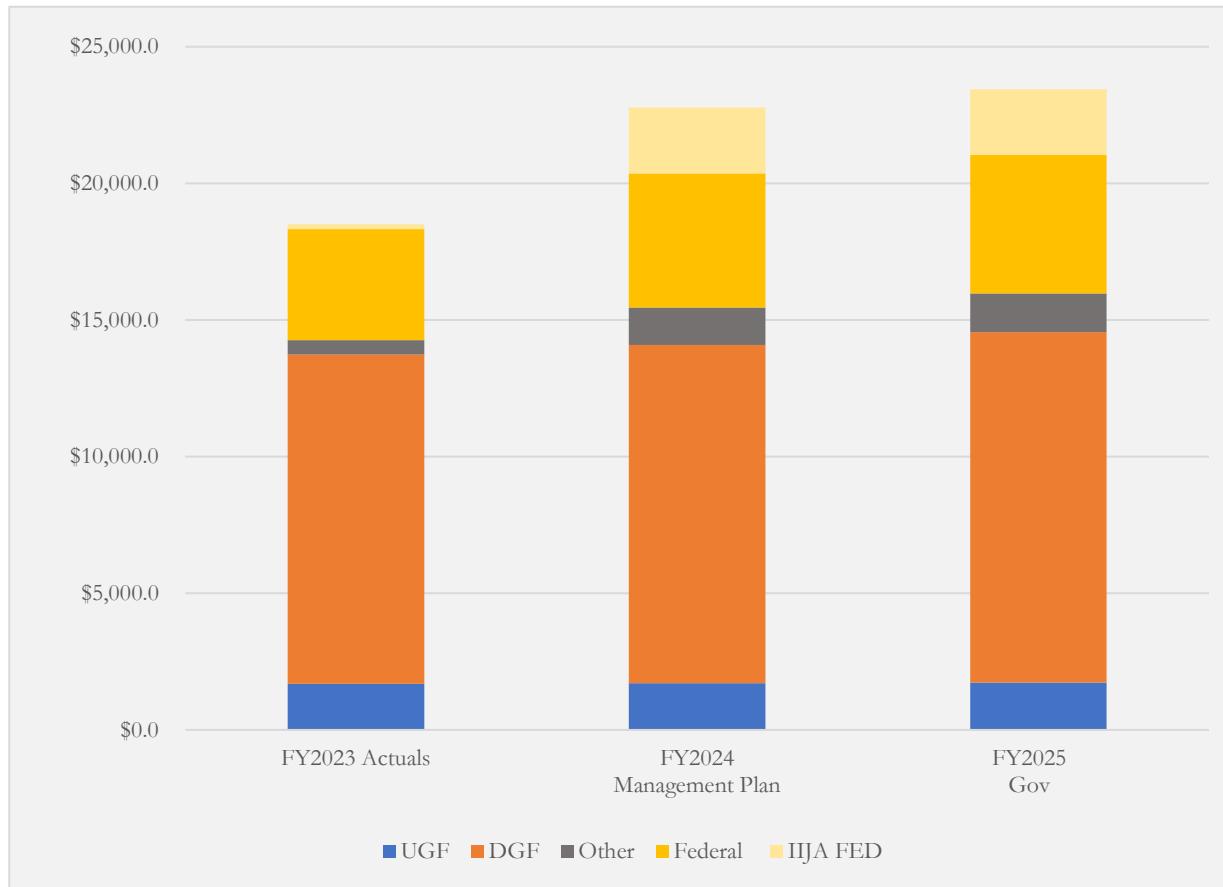

Effectively and transparently manage the Oil and Hazardous Substance Release Prevention and Response Fund as a viable, long-term funding source for the state's core spill prevention and response initiatives.

Total	\$19,903.8	\$28,048.5	\$28,807.1	\$758.6	2.7%

Food Safety & Sanitation

- Retail & Food Service
- Manufactured Food including Seafood Processors
- Shellfish Growers & Harvesters
- Public Facilities
 - Pools & Spas
 - Tattoo & Body Art

Drinking Water

- Implementation of the Safe Drinking Water Act
 - Plan Review & Approval
 - Technical & Compliance Assistance
 - Ensure sampling requirements are met
- No regulatory oversight of private water systems

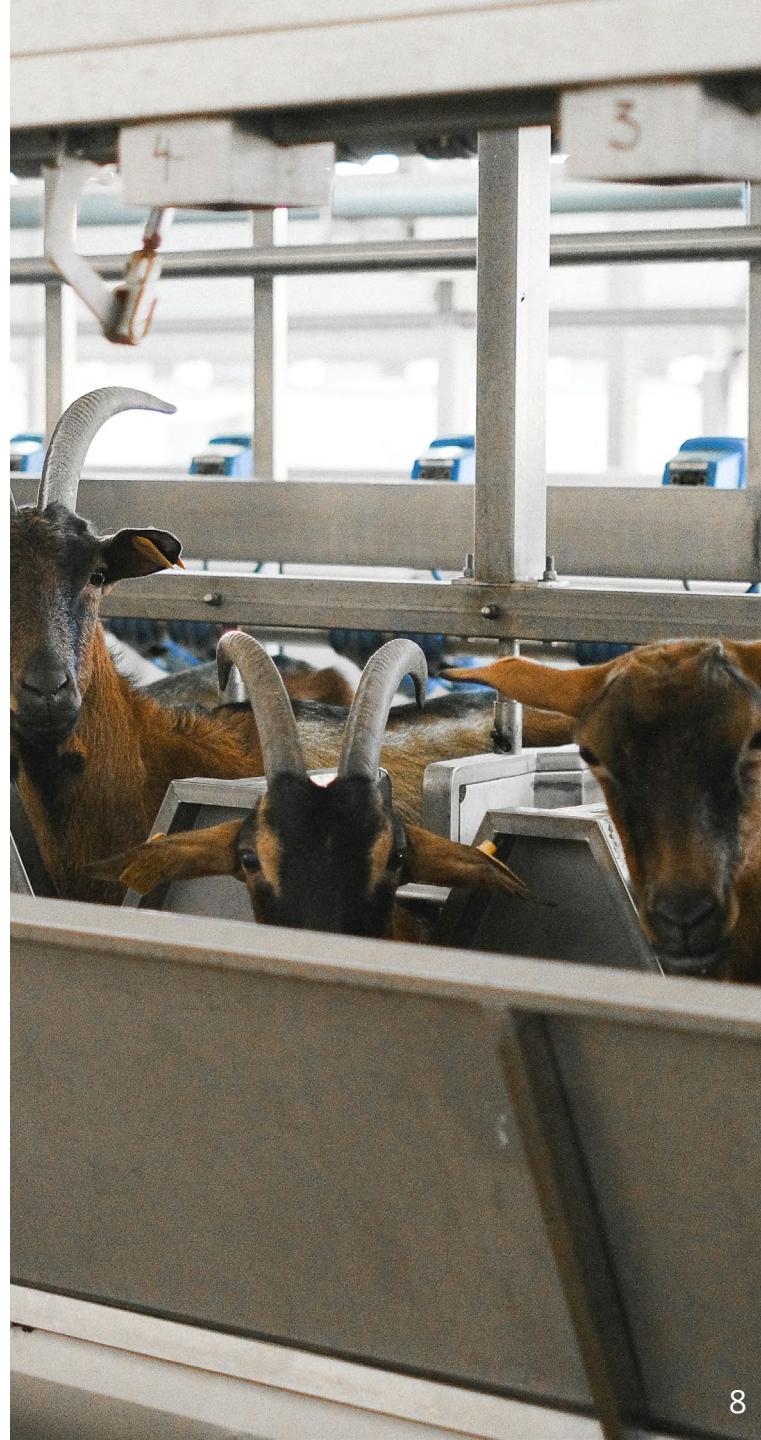

Solid Waste & Pesticides

- Issue permits for solid waste landfills and treatment facilities
- Inspect landfills, review landfill monitoring results, and enforce violations of permit requirements and state solid waste regulations
- Regulate the distribution, sale, use, and storage of pesticides

Office of the State Veterinarian

- Establishes animal importation requirements and animal care standards
- Responds to and coordinates animal disease outbreaks
 - Rabies
 - Avian Influenza
- Performs surveillance sampling for pathogens of concern
- Manages dairy and produce safety programs

Environmental Health Laboratory

- Performs regulatory testing in support of DEC programs and other state agencies
 - Dairy samples
 - Manufactured and retail food
 - Shellfish
 - Soil and water
 - Lead testing
- Performs metals radiation, and other contaminant testing in support of Alaska's Fish Monitoring Program
- Certifies and audits third-party labs

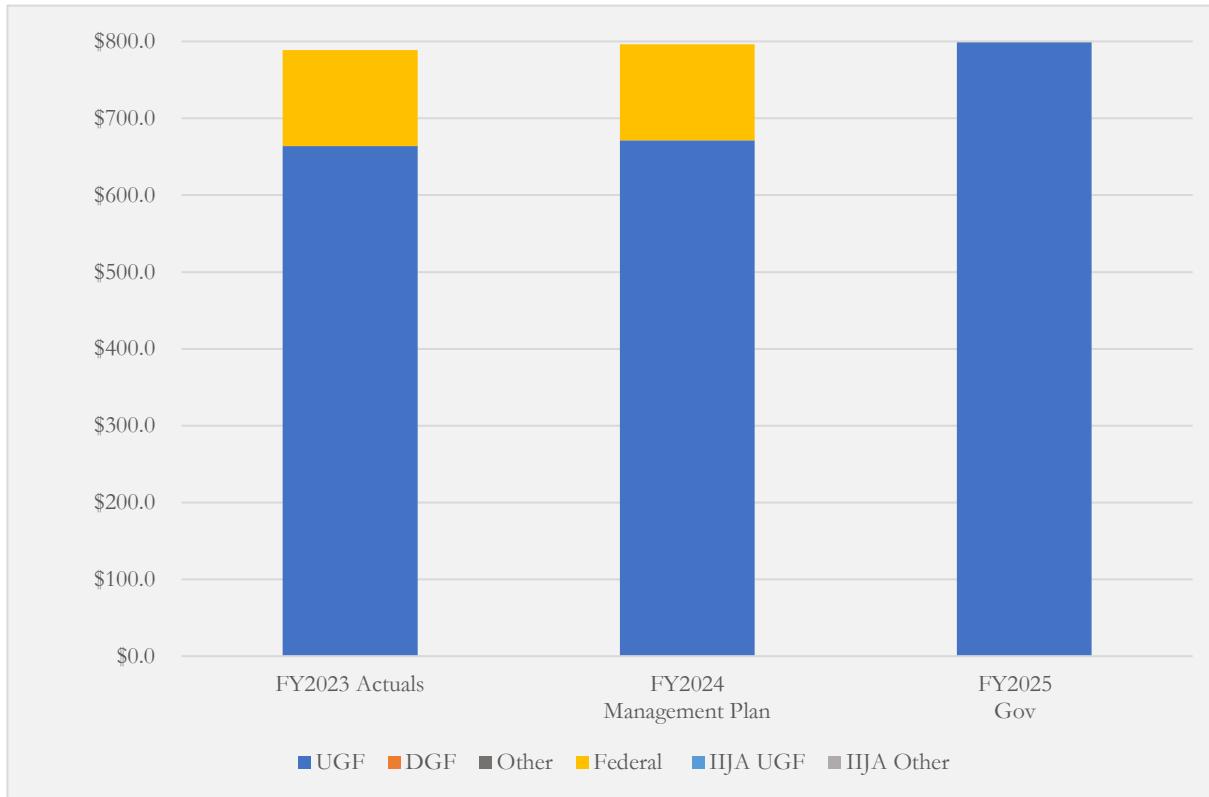

A photograph showing a man in a black shirt and jeans working on a large, green, industrial-grade generator unit. The generator is mounted on a trailer with large black tires. It is positioned in front of a building with a corrugated metal roof. The man is leaning over the unit, possibly performing maintenance or inspection. The scene is outdoors, with trees and a clear sky in the background.

Building Maintenance & Operations at the Environmental Health Laboratory

- Building maintenance and repair
- Equipment maintenance and repair
- Grounds maintenance and repair
