## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2024 LEGISLATIVE SESSION

BILL NO. SSSB 121

### Analysis

This bill primarily relates to Alaska's insurance statutes (AS 21). Additionally, it amends the powers of the Alaska Board of Pharmacy ("board") to add an allowance for the board to prohibit, limit, or provide conditions related to the dispensing of a prescription drug that the U.S. Food and Drug Administration (FDA) or the prescription drug's manufacturer have not yet approved for self-administration, including establishing specifications to ensure the effectiveness and security of a prescription drug to be administered by infusion or otherwise administered in a clinical setting. This means the Board of Pharmacy would potentially have regulatory authority over intravenous hydration clinics. These clinics are growing in popularity, but are currently not regulated by the division. The addition of this regulated area is anticipated to result in increased investigations and on-site inspection costs for the Division of Corporations, Business, and Professional Licensing.

If the bill passes the following expenses will be incurred:

Travel: \$ 5.4 Annual travel for investigations and on-site visits

Services: \$ 2.6 Printing, postage, and legal costs for regulations project - FY2025 only  
\$ 20.0 Annual legal costs

*Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services - fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065. The total amount of revenue collected approximately equals each occupation's actual regulatory costs.*
