Hello Senator-

I fully support EB242.

With two properties in Juneau, my home & a rental, I'm paying over \$16,000 in annual property tax's. These are not water front 4,000 SqFt properties. My rents can not keep up with the tax assessors overly aggressive annual tax increases.

Any help is appreciated.

Sincerely

Alan Wilson

Good morning,

Please pass SB 242. This legislation is desperately needed as we have numerous examples around the state where municipal appraisers have not followed accepted standards and have foisted fraudulent assessments upon property owners with no recourse provided to the appellants as current law allows assessors to use any methodology they see fit. This legislation will add no cost to the state or municipalities and will simply force them to conduct business the way they claim to.

Thank you,
