## Representative Mike Cronk

### Sponsor Statement HB - 341

#### Marvin Thurmond Nomenclature

Present and past employees of the DOT / Galena Maintenance and Operation have requested their facility be named after a long time highly respected employee who has passed.

Our office has received many endorsements for this proposed action and no opposition.

The workers there have pledged to provide the time and materials at no cost to the state.

It is an honor to support in this worthy effort and I ask for your support.
