Dear Senate State Affairs Committee,

I strongly urge you to pass [SB131](#) - an act requiring education in the history and contributions of Asian Americans and Pacific Islanders. Education should be a reflection of all Alaskans. According to the 2020 census, [Asian Americans and Pacific Islanders make up more than 6% of the Alaskan population](#). These students deserve to see themselves and their history in their school education. Please pass SB131. Thank you for providing an opportunity for public comment today.

Sincerely,
