FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

BILL NO. HB266

Analysis

Part of this bill allows Alaskans who are eligible for the Permanent Fund Dividend (PFD) and file their application electronically to elect on their application to direct funds from their dividend payment to the state's general fund or the principal of the permanent fund, in a separate section from those contributions under AS 43.23.130 (Pick.Click.Give). Contributions to Pick.Click.Give will be prioritized and paid before contributions to the general fund. The application would allow contributions in increments of \$25, up to the total amount of the dividend they are entitled to receive. The electronic PFD application will be modified to include an option for Alaskans to contribute with notification that seven percent of the contribution will be used for administrative costs. This type of contribution is excluded from applications being filed on behalf of an Alaskan by a public agency.

There are one-time costs associated with the implementation of the proposed legislation detailed below. The PFD Division is unable to project the amount of general fund revenue generated as a result of the proposed legislation and has therefore indicated the changes in revenue as indeterminate.

Section 8 of the bill states that money from the Dividend Fund cannot be used for implementation costs. Therefore, this fiscal note utilizes unrestricted general funds as the funding source for FY2025. The same section allows for seven percent of the contributions to be used for implementation costs, but collections will not occur until FY2026. Implementation activities must occur in FY2025 prior to the start of the application period beginning in calendar year 2025.

Summary of costs:

(standard programming rate of \$120 per hour)

Modify myPFD online filing application 150 hours; \$18,000

Webmerge: 300 hours; \$36,000
