FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

BILL NO. HB12

Analysis

This bill allows municipalities to regulate trapping within municipal boundaries to the extent authorized under AS 29.35.052 (Municipal Powers and Duties), including identification, signage, and notice requirements as well as restrictions on the types of traps and areas or locations likely to cause injury or damage to personal property, including domestic animals. The trapping activities regulated may only be done to protect persons and property, and the municipality may exempt trappers from local trapping ordinances for good cause.

The Alaska Department of Fish and Game will continue to monitor trapping in accordance with regulations in place. We do not anticipate any additional activities or fiscal impact on the department as part of the legislation other than identifying existing regulations that are inconsistent with the new statute that the Board of Game may need to adopt, amend, or repeal to reflect the statutory changes. Therefore, the department submits a zero fiscal note.
