Hello Senators,

My name is Dr. Noble Anderson, and I am the Medical Director/Physician Sponsor for 2 rural Southeast Alaska EMS Companies. I strongly support HB 57. Protected peer review is essential in all aspects of medicine, including in Emergency Medical Services. Please ensure that this bill goes to the Senate floor where it can be passed into law.

Thank you for your consideration,

Respectfully,

Noble Anderson MD  
Medical Director Haines Volunteer Fire Department and Hoonah EMS.
