2 Insert a new subsection to read:

3 "(c) A school district may apply for the clean energy transferable tax credit
4 under AS 43.98.080 for clean energy produced from a distributed energy system that
5 is located on property owned by the school district and that meets the qualifications in
6 (b)(2) - (4) of this section, regardless of whether the energy is sold to an unrelated
7 person. A school district is entitled to the same amount of credit as a load-serving
8 entity under this section for the number of kilowatt-hours of clean energy produced by
9 the school district's distributed energy system. In this subsection, "school district"
10 means a city or borough school district or regional educational attendance area."
