Rep. Gray,

I am writing to support HB 225. It is ridiculous that we had to wait 15 days for the final ranked choice voting results in 2022, and who knows what happened during that time. We need greater transparency from the Division of Elections so the PEOPLE can know that their voice is being heard!

Best,

**Subject:** Regarding House Bill 225

Hello Rep. Gray,

I am writing in support of House Bill 225.

This bill is a great addition to Alaska's ranked choice voting system, and will help address accusations of fraud by releasing all data needed to do ranked choice tabulation along with the unofficial results.

I urge the legislature to pass this into law!

Best,  
Grace
