

PROFILE

Since November 4th, 2014, I have worked diligently in educating the public on marijuana laws and regulations. I have participated in all Marijuana Control Board meetings since the conception of the board in 2015. I understand our marijuana regulations and the Marijuana Control Boards intentions behind each regulation. Since 2016 I've consulted many businesses in the Matanuska-Susitna Valley in obtaining licensure. It is my life's work to see the legal marijuana industry grow and fight to change the stigma years of prohibition has placed on our industry.

Over the last decade I've been a leader in the cannabis industry. I've participated in the creation of multiple nonprofits and have spent my time volunteering to create organizations my community benefits from. I have led several teams to success. In 2016 I facilitated in Prop B-1 campaign to maintain legalization in the Mat-Su Valley. Which brought in a historical voter turnout and the Ballot Measure failed, maintaining legalization in the Matanuska-Susitna Borough. I know what it takes to be a great leader and how to serve my community through the public process.
