

My wife and I have lived 34 yrs in Ninilchik and raised 8 children, with 12 grandchildren here in Alaska.

We ALL strongly support HB205 and would like to see any form of abortion made illegal except life threatening situations to the mother.

James & Betsey Knox

To whom this may concern,

Proverbs 24:11 & 12 commend all to “Rescue those who are being taken away to death.... If you say, “Behold, we did not know this,” does not he who weighs the heart perceive it? Does not he who keeps watch over your soul know it, and will he not repay man according to his work?”

The first and preeminent of rights cited in the Declaration of Independence is that of life! As a legislator in this great state of Alaska, I implore all of you with the utmost respect and urgency to support HB205 and move it out of committee to the House floor and to support it there. Your dual responsibility under God and the law of this nation, as intended by our founding fathers, is to protect and defend the life of all citizens without regard to, among other considerations, their location, stage of development, or condition of dependency. Isaiah 10:1 declares “Woe to those who make unjust laws!” It is high time that we as a state legislate against the injustice of abortion and call it what it is: the intentional and willful destruction of a human person who is innocent to all laws that might justly call for one's death.

This is murder, and we as a state must legislate accordingly!

Respectfully,

Sean Peters

Vote in support of HB205

Dear Representatives,

Please support and cosponsor HB205 today; we have a duty to equally protect children from conception.

When we devalue children in the womb and teach that their blood can be spilled for our gain, we've embraced a child sacrifice belief system. The law is a teacher and it must teach what is

right. Equal protection or you're being prejudiced and discriminatory. Child sacrifice religions and their shedding of innocent blood, must be stopped.

Genesis 9:5-7 (KJV) And surely your blood of your lives will I require; at the hand of every beast will I require it, and at the hand of man; at the hand of every man's brother will I require the life of man.

Whoso sheddeth man's blood, by man shall his blood be shed: for in the image of God made he man.

And you, be ye fruitful, and multiply; bring forth abundantly in the earth, and multiply therein.

Thank you, Jeriah Knox

Ninilchik, AK 99639

We must abolish the murder of our pre-born neighbor. Murder of a human is murder at all stages of life starting at conception/fertilization. All culpable parties involved in committing murder via abortion, should be held to the judgment of our law. We must stand up against the genocide happening right before us and allow our pre-born neighbors equal rights including protection from being murdered.

In favor of HB 205

We must abolish the murder of our pre-born neighbors. Life begins at conception/fertilization. All culpable parties involved in committing murder via abortion, should be held to the judgment of our law. We must stand up against the genocide happening right before us and allow our pre-born neighbors equal rights including protection from being murdered.

- Samantha Hall

Abortion is a modern day form of child sacrifice. We have a duty to abolish it and punish murderers. Please support and ratify this bill. We must have equal protection for children in the womb from the moment of conception. Please do the right thing, trust God and abolish the legal practice of this child sacrifice religion in our state.

Thank you, Jeriah Knox

I support Rep. Eastman's proposed bill. Thank you. Alan Backford, Dillingham

Dear Members House Health & Social Services Committee,

HB 205 is distressing and an infringement on personal freedom. I urge you to NOT pass it out of committee. I do not think government should have a role in regulating reproductive health care. These decisions should be made by women together with their reproductive partners and their medical providers. Furthermore, HB 205 is likely unconstitutional as the Alaska Supreme Court ruled in 1997 that reproductive choice is protected by the privacy clause of the Alaska Constitution. Please do not act on this legislation which is detrimental to residents of Alaska.

Thank you,

Mary Zalar
